# Dedicated to: Mr. Andy Gaither & Dr. Ed Gaffney

This year The Bell is dedicated to two members of the MBA community whose careers we would like to celebrate: Mr. Andy Gaither and Dr. Ed Gaffney.

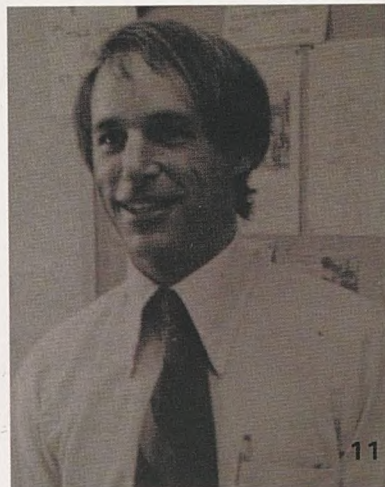

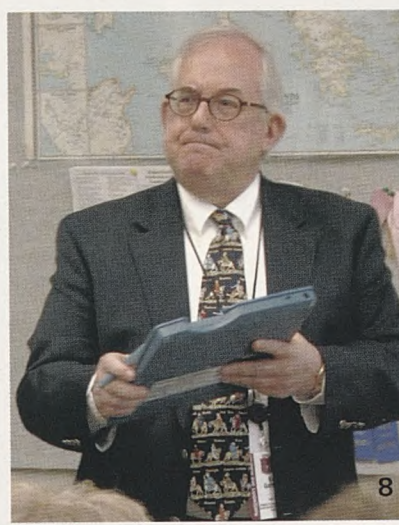

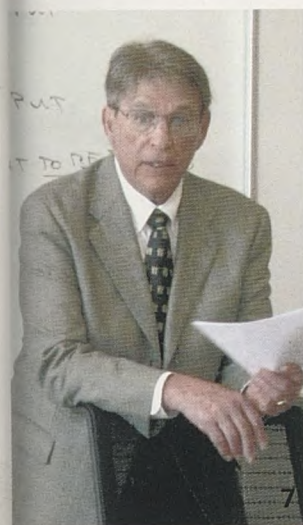

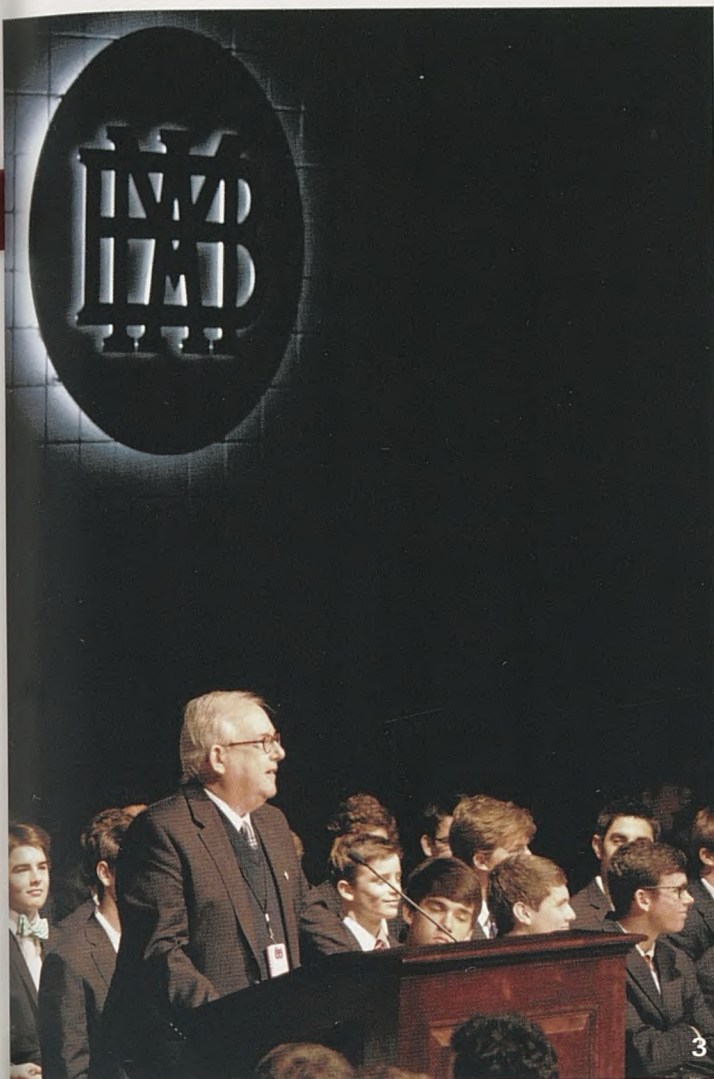

In 1971, a young Mr. Gaither was hired to teach Latin on The Hill after graduating from the University of Tennessee with degrees in English and Latin. Throughout his forty-three years at MBA, Mr. Gaither has taught all levels of Latin and served as coach of track, wrestling, cross country, and 8th grade football. He has also been a recipient of the Davis Grant and the Wilson Grant and is a member of Totomoi: MBA's honorary fraternity. Mr. Gaither has also served on the Discipline Committee, the Curriculum Committee, and has been a sponsor of both the Freshman and Junior Classes. Mr. Gaither also been the adviser to The Bell Ringer and Chair of the Foreign Language Department. He has also been recognized as Distinguished Teacher of the Year by the Tennessee Classical Association.

Dr. Gaffney came to MBA five years after Mr. Gaither, in 1976. He graduated from Vanderbilt University with a B.A. and M.A. in Latin and a Ph.D. in Classical Studies. While it is clear that Dr. Gaffney is a scholar of Latin and Archaic Greek, he also knows German, Italian, Modern Greek, and a myriad of other languages including Japanese. Dr. Gaffney has also taught all levels of Latin, including classes in the literature of Catullus, Horace, Caesar, and Vergil, while somehow finding time to also teach Greek and German. Dr. Gaffney has served as Principal of the Junior School, Chairman of the Foreign Language Department, Academic Dean, Website Manager, and Secretary of the Cum Laude Chapter. Also a recipient of the Davis Grant it is no surprise that Dr. Gaffney was also inducted into Totomoi. He has served on the SACS Evaluating Committee for Baylor, Pace Academy, Brookstone, Hillwood, Hume Fogg, and several other schools. Dr. Gaffney has also been awarded the Outstanding Teaching Award by the Tennessee Foreign Language Teaching Association.

Both of these men have established their legacy on The Hill. Whether it is Mr. Gaither's weekly aphorisms or his own "Gaitherisms" such as "Here in Wallace 15, there is no room for mistakes," Mr. Gaither has always placed a great deal of importance on enlightening his students and pushing them to strive for success. Similarly, Dr. Gaffney has his own unique ways of motivating his students and though his tactics may often seem unconventional, they have always yielded impressive outcomes. While the resumes of both Mr. Gaither and Dr. Gaffney are more than exceptional, it is their commitment to not only their students but also to the MBA community that we want to honor.

1. & 2. Dr. Gaffney and Mr. Gaither in their early years on The Hill. 3. Addressing the students during the Honor Society and Cum Laude induction, Dr. Gaffney spoke with passion and humor about being a lifelong learner and educator. 4. Working with a class of Latin II students, Mr. Gaither instructs them on the finer points of the language. 5. Always the consummate teacher, Mr. Gaither has worked with countless students and instilled in them a passion for the Classics. 6. Dr. Gaffney was all smiles during the retirement reception for himself and Mr. Gaither. 7. Always a master of details, Mr. Gaither goes over the finer points of Latin grammar with his students. 8. Dr. Gaffney is always full of unique expressions, especially when entertaining students' stories. 9. The retirement reception for Mr. Gaither and Dr. Gaffney was well attended by students, faculty and staff, parents, and especially alums from over the years. 10. A vintage image of Dr. Gaffney from 1981. 11. Mr. Gaither in action in the 1990s.

# LIFE ON THE HILL

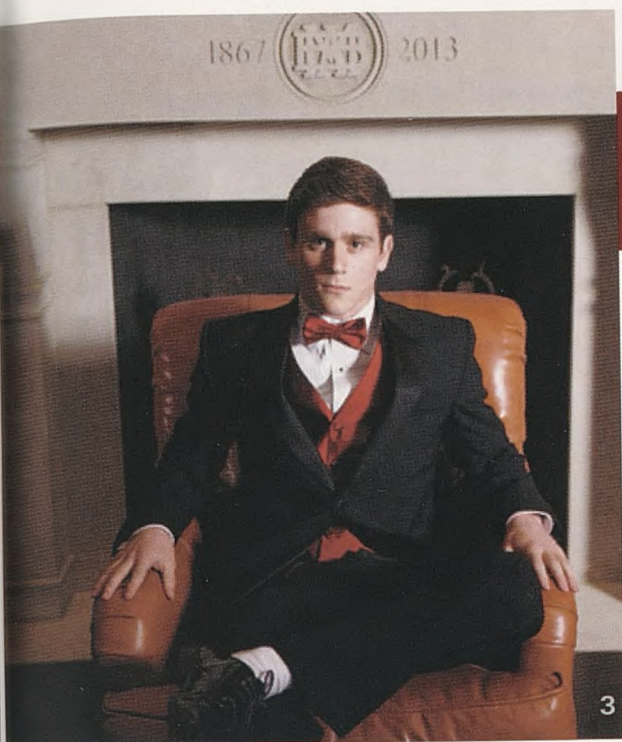

*Being a gentleman, scholar, and athlete*

"MBA guys love their dudes. Even on Friday night students don red paint and chant this love in an uproarious cheer. From supporting each other in sports, service, music, debate, or extracurriculars to navigating the intricacies of fist-bumps and handshakes, MBA students cherish their friendships and community. The countless stories and memories forged among brothers on the Hill are never forgotten. That is what it is like to be an MBA student."

# MBA SERVICE

## *The Hill Helps Out*

We here at MBA are fortunate to have so much, and we sometimes take it for granted. While we know we will come home every afternoon to eat a nice dinner, there are many people who have no idea when or where they will get their next meal. The goal of the Service Club at MBA is to give back to the community that surrounds us. Serving creates a contagious sense of joy and optimism that pushes us to keep giving back. Just as we would want people to help us in our time of need, we serve in order to assist people in their daily struggles. This year was a great success for the MBA Service Club. Starting the year strong with a great Second Harvest food drive was followed quickly by over 200 MBA volunteers showing up for the Race for the Cure in October. Moving into winter, the Service Club took part in the Autism Speaks Walk, the Wounded Warrior Project and the Last Minute Toy Store. Finishing the year strong with recurring projects like Preston Taylor tutoring, Best Buddies, and Paragon Mills, as well as the annual Richland Creek Run rounded out a great year of service.

# MBA ABROAD

## *The Hill Goes International*

Pioneered in 1998, and shaped by a relationship with both Eton and Winchester Colleges in England MBA established exchange programs with the Michaelhouse School and the Bishop's School in South Africa; Melbourne Grammar School and the King's School in Australia; Lindisfarne College and Christ College in New Zealand. Over the last few years, the Wilson family has generously provided grants for boys to participate in language and art programs in countries such as China, Spain, Germany, Colombia, Italy, and France. Recently MBA developed a relationship with the Raffles School in Singapore, where three boys are sent for two weeks during the summer and are fully immersed in the culture of the school and of the country. Boys often return from exchange with a completely altered view on their world and an enhanced perspective on our own school.

# THEATER AT MBA

## *The Hill Takes Center Stage*

"Our theater season this year began with Cole Porter's *Anything Goes*. Big production numbers, classic music - it was such a fun show to do. Following that, MBA put on *Henry V*, under the direction of Mr. Morrison. The competition one-act this year was *A Tuna Christmas* - a hilarious show, featuring James Matthews '15 and Coleman Sorenson '14 portraying a wide variety of comic characters. Dr. Seay directed the Microbes in *The Jungalbook*, while the high school mounted *The Great Gatsby*. According to Dr. Fuller, *Gatsby* was one of the most attended shows that the school has had in several years. To top it all off, seniors in the Studio Theater class directed one-acts in April.

Over this past year, we've built a wonderfully strong community of young artists, and the amount of work that goes into a production is often overlooked and understated. I think we caught a glimpse of how excited the MBA community can be about theater with *Gatsby*, and that was really nice to see."

- Jess Darnell '15

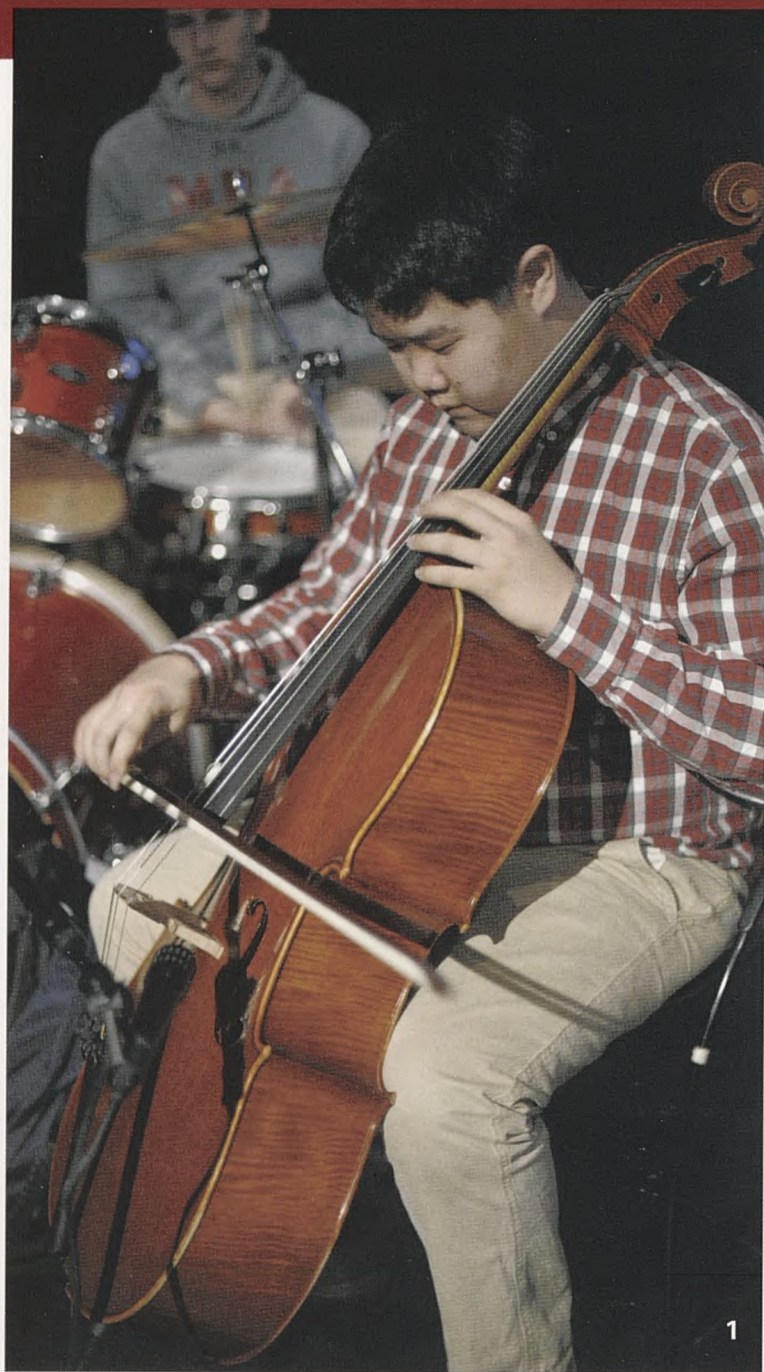

6. Senior Braden Welborn in MBA's Shakespearean production, *Henry V*. 7. Senior Josh Rotker as King Henry V. 8. Coleman Sorenson '14 and James Matthews '15 perform in *A Tuna Christmas*. 9. Lark Morrison, Caleb Carpenter, and Henry Rogers show off their moves in *Anything Goes*.

"There is no question that the MBA Music department has expanded to limits not touched in previous decades here on The Hill. With new facilities, new practice rooms, new venues, new summer opportunities, and new talent, the instrumentalists and vocalists at this school created a new identity for the music program. Personally, I have found a home in the music of MBA, whether it is singing in the choral groups, working with Songwriting Club, assisting with Cellophony and Endada, or collaborating with the Jazz Band and Orchestra. MBA has opened doors for the students with regard to music, and the students have busted through them full steam ahead."

- Chris Burrus '14

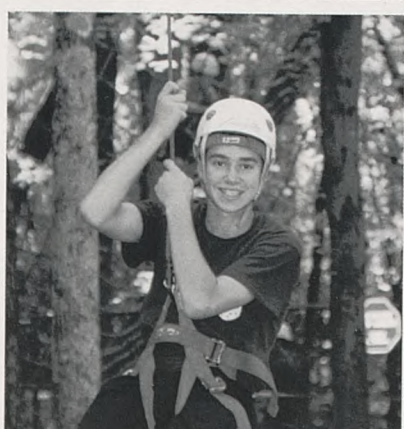

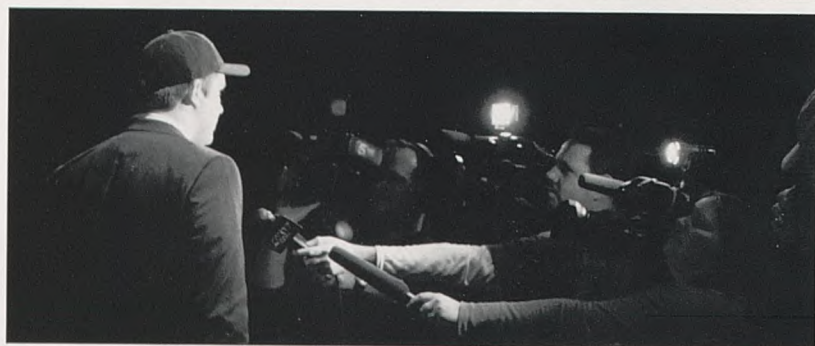

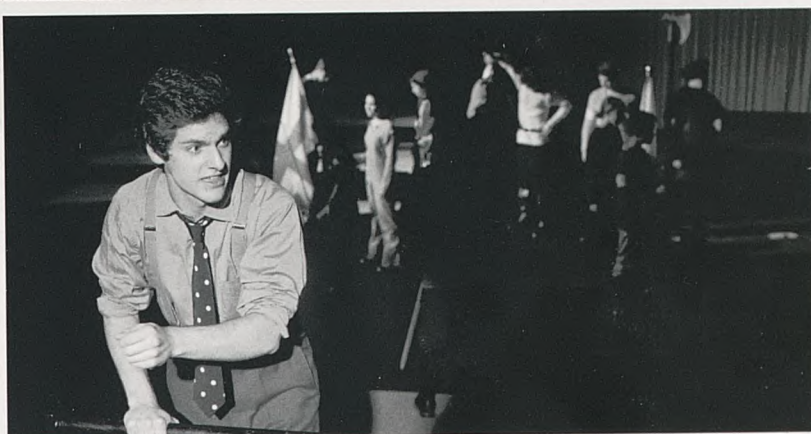

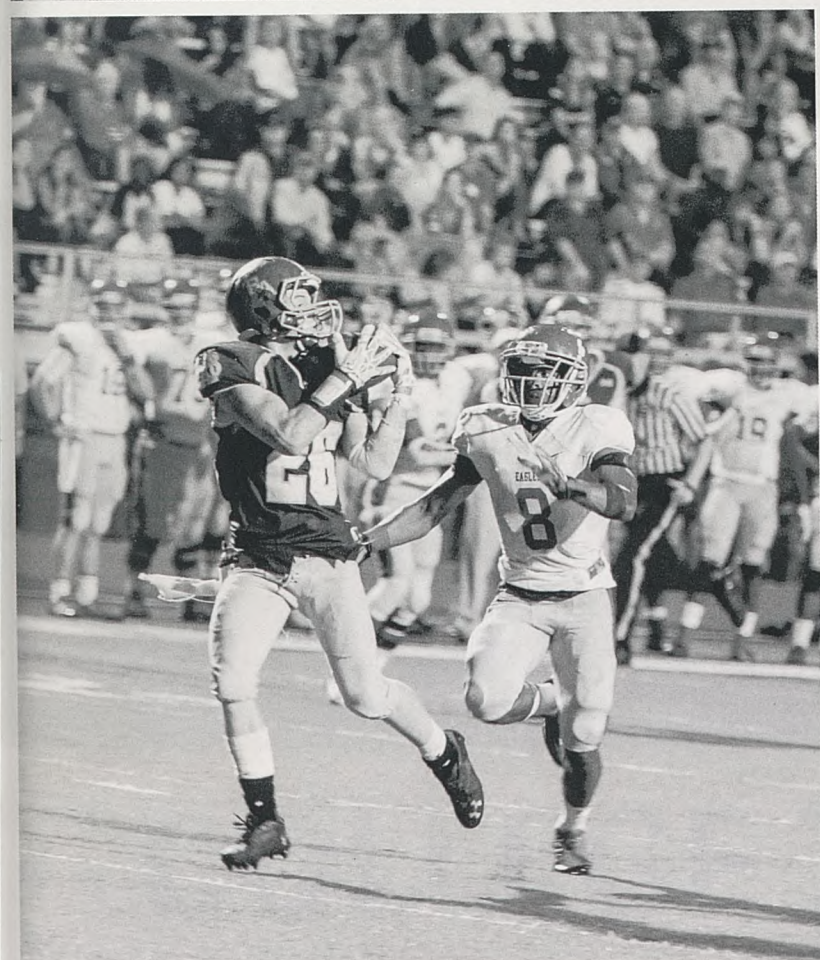

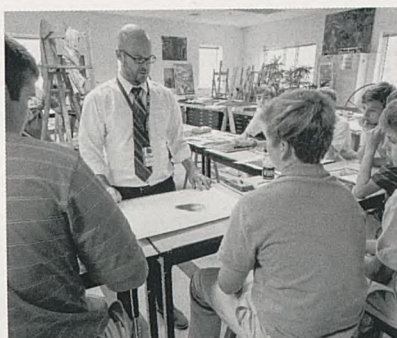

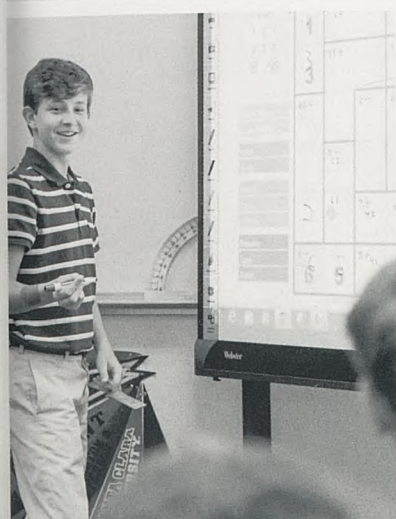

5. Kip Worthington and Harrison Davies perform as Dead King Cotton. 6. Josh Cheng plays the violin with the orchestra. 7. Cameron Travis performs with the Jazz Band. 8. Si Deane playing guitar in assembly. 9. MBA chorus sings on the big stage. 10. Akeim George, Billy Deutsch, and Coleman Sorenson show off their saxophone skills as part of the Ellington Band during the Father Son Dinner.

My MBA journey has been steep and scary at times, filled with long nights, frequent stumbles, and many gallons of blood, sweat, and tears shed. However, it has also been one of undying hope, excessive laughter, exploration, accomplishment, and brotherhood, and I emerge from this journey on the other side as a confident, hardworking man who has a clear sense of identity, and I honestly would not trade it for the world.

I have so many people to thank. Thank you to my parents and family, who have provided much needed moral support. Thank you to all of my peers; many of you have reached out to me in my times of greatest need, and though some of these stories are too personal to explicitly thank you for here, I want to say it meant the world to me at the time. Thank you to all of my wonderful teachers; I couldn't have grown to love learning and exploration the way I do without you. Thank you to the coaches I've had over the years, all of whom helped me unconditionally to succeed. Thank you especially to Ms. Maddux, my advisor, and Coach Shone, my wrestling coach, both of whom reached out to me on personal levels then they saw that I was struggling with things separate from academics or athletics. Though he may not remember it, thank you Coach Cooper for being the first person to help set me on the right path.

Well brothers, it's been real. I know not what future trials and tribulation await me in the years to come, but I can assure you, after emerging from the other side of this journey, I know I can take on the world.

In reflecting back on my years at Montgomery Bell Academy, I am grateful for the people and experiences that the school has brought into my life. The opportunities presented before me during my time on The Hill have been incredible. Running on the cross country team has made the fall one of my favorite times of the year. Hip and core exercises, tempo at Centennial Park, and commodore runs on Fridays have been among some of the best afternoons I've had while at MBA. Wrestling brought some of the toughest physical challenges during my time in high school. However, the aches and pains from each practice were worth it. There's no other feeling quite like having a referee raise your hand after winning a match. Afternoons in the spring were devoted to baseball. Pitching has been my favorite thing to practice. There are few things as enjoyable as watching batters chase curve balls. In addition to sports, guitar has become a substantial part of my life. Jam sessions with Armonico on the weekends have been awesome. Getting songs together has been my favorite way of escaping school work. I would play a show with y'all any day.

I am confident my time on The Hill has shaped who I am today and who I will become tomorrow. MBA has given me the ability to explore and pursue a wide variety of interests. From biology to guitar solos to morning workouts, I have found the things that I enjoy the most while at MBA. Thank you to the teachers and coaches that have worked with me through the years.

To the seniors, I am proud to be part of the Class of 2014. Y'all are an awesome group and have made high school a time in my life that I will never forget. To my parents, I would like to say thank you for making the efforts to send me to MBA. I am thankful for the way that you have raised me, and I am proud to call you family.

While I've only been at MBA for two years, they have been incredible. So many people have helped make my transition to MBA successful by welcoming and supporting me. Beginning my MBA career as a junior was by no means conventional, but the experience has been important to me and has created a wealth of memories. Although this is only my second year on The Hill, I can honestly say there is no place I would rather call home and I wouldn't want to graduate with any other group of guys. I want to thank my teachers and coaches for encouraging me to give my best effort throughout my time here and pushing me when I really needed it! Last but certainly not least, thank you to my family. Mom, you have no idea how incredible you are and what you do for our family; we have a strong relationship. Your heart is big and your kindness towards others is something that will always stick with me. Dad, whether it's your corny jokes around the dinner table or the countless afternoons spent together hanging out, playing sports, and talking, I want you to know how great of a father you are to me; when it comes to advice you're my go to and you always will be. Olivia, we've always been close, but especially in the last two years! I will miss you when I'm off at college, but I know we will continue to stay close. Mom, Dad and Olivia, thank you for being there for me, and thank you for sending me to MBA. I will miss being on The Hill, but know I'm leaving prepared and excited to see what the future holds. Roll Red!

I want to thank all of my teachers that helped me and pushed me out of my comfort zone to not only succeed in the classroom but in life. I want to say thank you to the football staff for being there for me when times were really rough on my family and I. The words of wisdom and encouragement along with the unlimited amount of support, from the team, benefited greatly to my return back to the football field. I have made some friends here that I will never forget as my time runs thin on The Hill. I want to thank my friends that I have made for the countless jokes, the serious talks about life, the everyday smiles, the love, the support, the constant updates on the important events and the bonds that we have created through the years. Coach Bryant, Coach Sanders, and Coach Redd, thank you for being the support system and for always being that shoulder to lean on when things got tough for us.

Between my finger and my thumb  
The squat pen rests; snug as a gun.

Under my window, a clean rasping sound  
When the spade sinks into gravelly ground:  
My father, digging. I look down

Till his straining rump among the flowerbeds  
Bends low, comes up twenty years away  
Stooping in rhythm through potato drills  
Where he was digging.

The coarse boot nestled on the lug, the shaft  
Against the inside knee was levered firmly.  
He rooted out tall tops, buried the bright edge deep  
To scatter new potatoes that we picked,  
Loving their cool hardness in our hands.

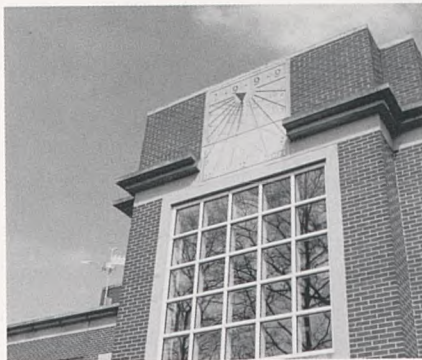

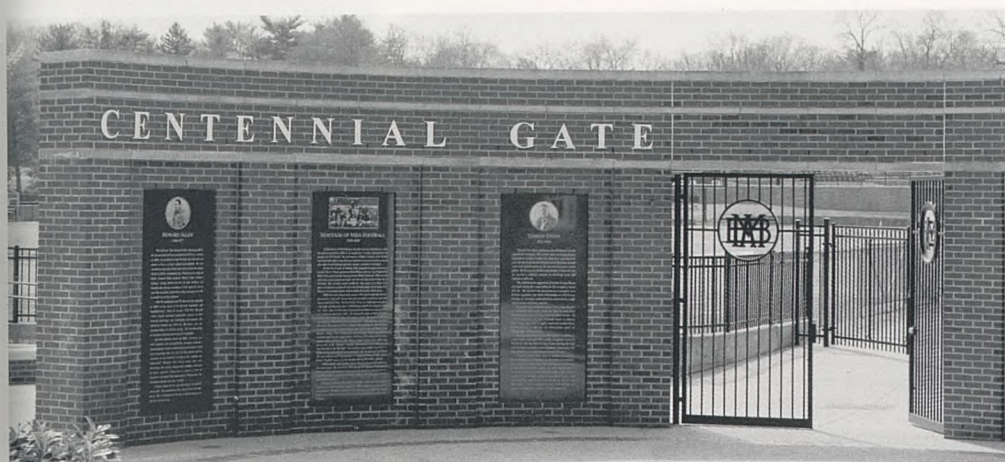

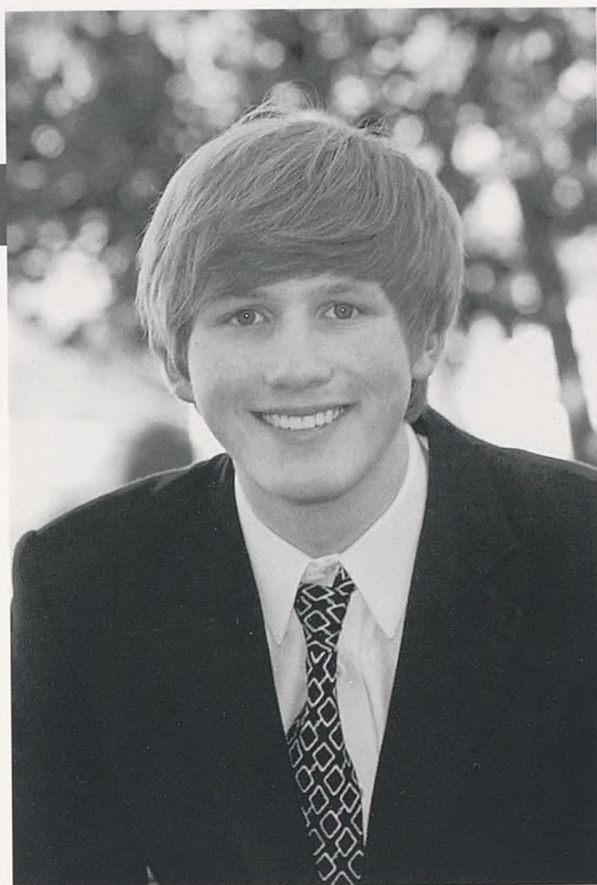

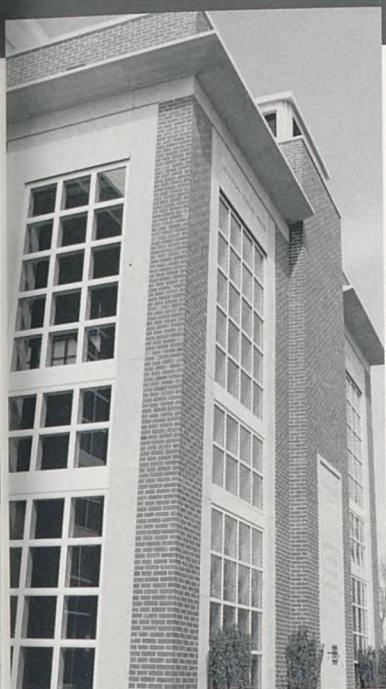

By God, the old man could handle a spade.  
Just like his old man.

My grandfather cut more turf in a day  
Than any other man on Toner's bog.  
Once I carried him milk in a bottle  
Corked sloppily with paper. He straightened up  
To drink it, then fell to right away  
Nicking and slicing neatly, heaving sods  
Over his shoulder, going down and down  
For the good turf. Digging.

The cold smell of potato mould, the squelch and slap  
Of soggy peat, the curt cuts of an edge  
Through living roots awaken in my head.  
But I've no spade to follow men like them.

Between my finger and my thumb  
The squat pen rests.  
I'll dig with it.

I ran down the road, pants down to my knees  
Screaming "please come help me, that Canadian shaman gave  
a little too much to me!"

And I'm writing a novel because it's never been done before

First house that I saw I wrote house up on the door  
And told the people who lived there they had to get out "cause  
my reality is realer than yours"  
And there's no time for the present  
And there's a black dog on the bed

I went to the backyard to burn my only clothes

And the dog ran out and said "you can't turn nothing into  
nothingness with me no more"

Well I'm no doctor but that monkey might be right  
And if he is I'll be walking him my whole life

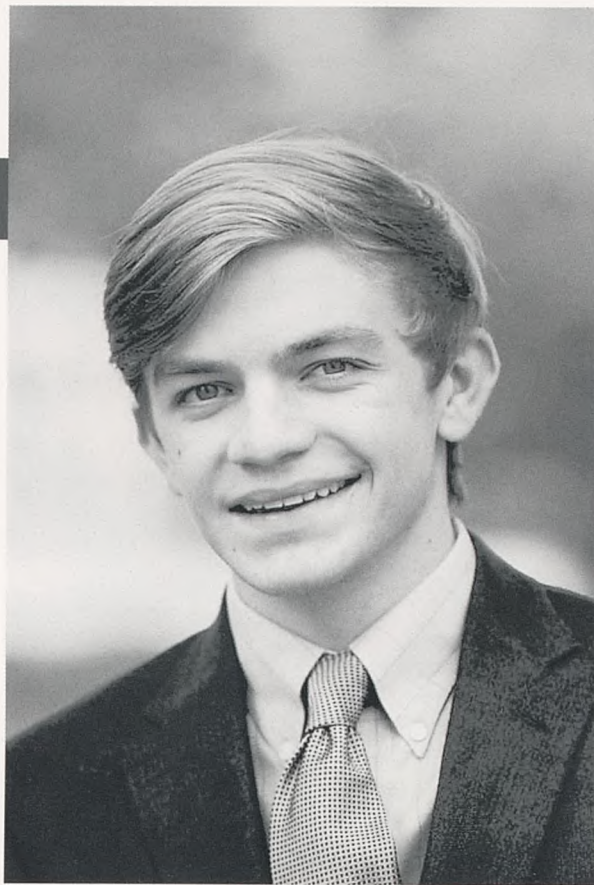

I rode to Malibu on a dune buggy with Neil  
He said "you're gonna have to drown me down on the beach if  
you ever want to write the real"  
And I said "I'm sorry, young man what is your name again?"

Now everywhere I go in West Hollywood  
It's filled with people pretending they don't see the actress and  
the actress wishing that they could

Something 'bout the way Violet whips her hair  
That makes me empty my pockets holding court on the corner  
burning twenties as if I was the mayor  
I don't need any new friends, Momma  
But I could really use something to do  
So if you're up for it sometimes  
I swear you wouldn't have to be my muse

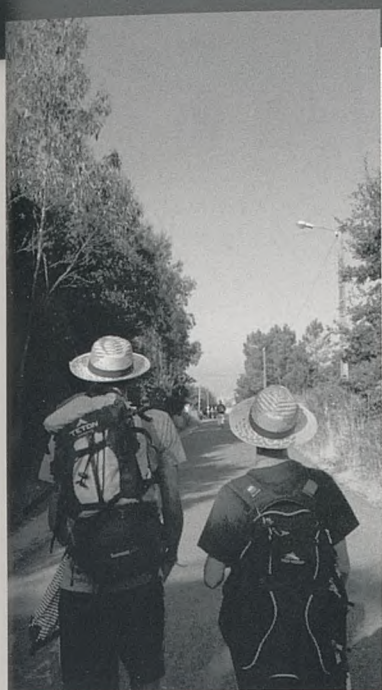

I'll never leave the canyon 'cause I'm surrounded on all sides  
By people writing novels and living on amusement rides

Swimming and Singing all six years;  
Senior year is a surreal experience. The work, the anxiety, the grades all have fallen away and what I'm left with are the memories. When I first got here, I expected a normal high school experience, but what I got was so much more. I gained confidence, knowledge, and most importantly amazing friends. Though we have absolutely no idea how we ended up together, I'm positive none of us would change it and I owe all my best memories to those guys.

"About suffering they were never wrong,  
The Old Masters; how well, they understood  
Its human position; how it takes place  
While someone else is eating or opening a window or just  
walking dully along;  
How, when the aged are reverently, passionately waiting  
For the miraculous birth, there always must be  
Children who did not specially want it to happen, skating  
On a pond at the edge of the wood:  
They never forgot  
That even the dreadful martyrdom must run its course  
Anyhow in a corner, some untidy spot  
Where the dogs go on with their doggy life and the torturer's  
horse  
Scratches its innocent behind on a tree.

In Breughel's Icarus, for instance: how everything turns away  
Quite leisurely from the disaster; the ploughman may  
Have heard the splash, the forsaken cry,  
But for him it was not an important failure; the sun shone  
As it had to on the white legs disappearing into the green  
Water; and the expensive delicate ship that must have seen  
Something amazing, a boy falling out of the sky,  
had somewhere to get to and sailed calmly on."

Mom and Dad, you have taught me so much over the past 18  
years. I would not be the man I am today without all your  
guidance and wisdom. I know I was a pain sometimes, but  
your love never failed and I am so thankful for that. Coach  
Anderson, you have been a great role model for the past four  
years. Even though it was difficult sometimes and you were  
tough, you made me the baseball player I am and were always  
there for me. I am so grateful for that. To my classmates, you  
all will always be my brothers, and I will never forget these  
amazing relationships. To AC and Cole, you all are the best. I  
will miss all the moments together and seeing you every day.

Dark star crashes  
Pouring its light into ashes  
Reason tatters  
The forces tear loose from the axis  
Searchlight casting  
For faults in the clouds of delusion

Shall we go, you and I, while we can?  
Through the transitive nightfall of  
diamonds

Mirror shatters  
In formless reflections of matter  
Glass hand dissolving  
To ice petal flowers revolving  
Lady in velvet  
Recedes in the nights of goodbye

Shall we go, you and I, while we can  
Through the transitive nightfall of

Special shout-out to my brother, Chris, for keeping me up when the dregs of the year started weighing everyone down. Stay classy. Special thanks to my advisor Mr. Morrison who doesn't know the effect he has had on my life. To all my teachers thank you, but especially to Dr. Tim Boyd and Mr. Sean Jackson for fueling my passions. I would just like to take a second to thank everyone at MBA who has helped me grow as I have passed through this school. These teachers, coaches, faculty, and friends have made so many positive alterations in my life that I don't know where I would be without them. Looking back four years I was hesitant about coming to MBA, but if I had not, I cannot image what my life would look like. There is no other place I would have rather spent High School. Roll Red.

Track 9th-12th

Since I will have my memories and other places to record them, I would like to use this space to thank those who have helped me in my journey through MBA. First, I would like to thank my parents for everything they did to send me to this school. Thank you for your sacrifices, especially your time. Coach Barclay, you inspired me to strive for greatness in my life endeavours. Alex Bars and family, you know that I would not be playing college football if it wasn't for you, and I thank you. Football family, thank you for some great times and memories. Bill, Jay, Garrett, and Alex, no one was as close as we were, and this was one of the main reasons we were so dominant. I would like to extend an extra special thank you to those that are deserving, but not mentioned in this section.

To all underclassmen, do what you love because your life will work out to the best if you do. Know that everyone works during practice and in school, but it is those who put in the effort when others are not doing anything that get ahead.

To the bros, we have had a great ride and I wouldn't change a thing. Ross, I wouldn't want anyone else behind me in soccer. I have never met someone before as hard to get mad at as you; it's been a long grind, and it's just starting. Good luck, bud. Scooter bike will be big someday, just wait. Braden, we have been through thick and thin since first grade and made some great memories. You have always been there and I'm proud to call you my brother. RudiGün forever. Wilson, "no sleep" is all I have to say. I've loved the late night grinds; only 4 more years of chemistry. I'll never forget the times we've had together. I'll miss y'all like crazy.

Mom, Dad, Analise, Allie, Carly, I love each of y'all so much. I would not have made it without all of y'all.

Coach Chievers, Coach K and Alan, I can't express how thankful I am. You helped me mature as a player and man. I'll miss being screamed at on the field and playing with the Big Red. Keep the lads rolling for me. I'll always remember "it's the little things" that count.

I can't believe it's over, I'm going to miss this place.

MBA has been a part of my life since I was 5 years old. Because of my dad's job at the school, it was never really a question where I would be going to school, but it hasn't turned out how I expected at all.

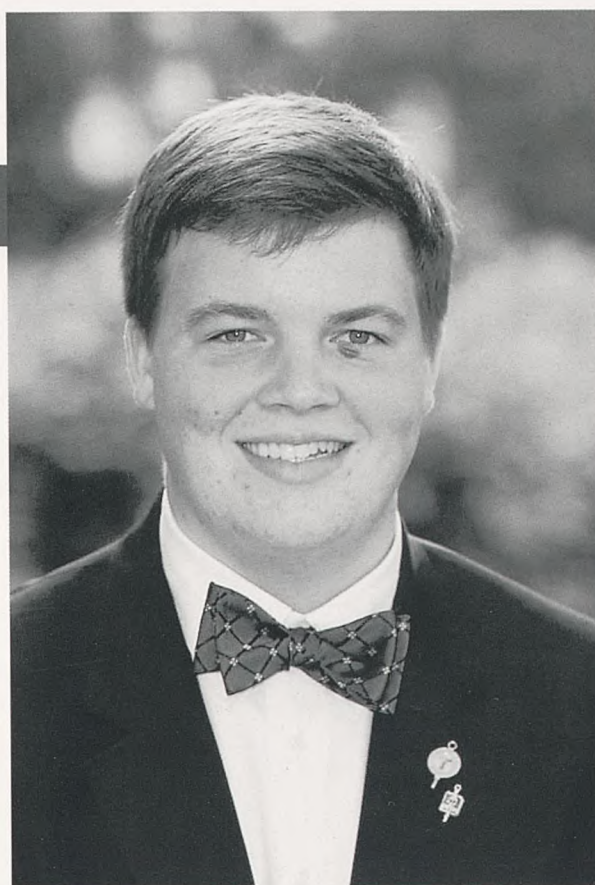

Little 7th grade me was a self-proclaimed stud, kind of "playing" football, basketball, and lacrosse; not to mention my experience with the tuba in the jazz band and being on the advanced track for math. I was a disillusioned stud to say the least.

My freshman year really changed my path. At that point I joined the rowing team, rowed at 4:45 am every day, and almost died on several occasions: the tornado in Gainesville, Georgia; the world's longest, sketchiest hallway in Chattanooga; and Coach Cooper's intentionally swamping the boats to get a good laugh.

Thankfully, Jan Pippin signed me up for the audition for the top singing group my freshman year, and since then the arts have been where I have found my niche. I'm sure "Caldonia" will never be forgotten, for the good or for the bad. Music is also what I will be doing in college, so I don't know what I would be doing without it.

I would like to thank Mr. Gioia, Dudley and Beth Warner, and anyone else involved with the exchange program for allowing me the opportunity to travel to Eton College in England for 10 weeks last year. Special thanks to all of the music staff for helping me become the musician that I am now. Finally, thank you to Dr. Seay for being such an amazing advisor, helping me through the good times and the tough decisions that had to be made.

8th grade: Mr. Woolsey's class and "Continental Drift," my first demerits ever, not much really happened in 8th grade...

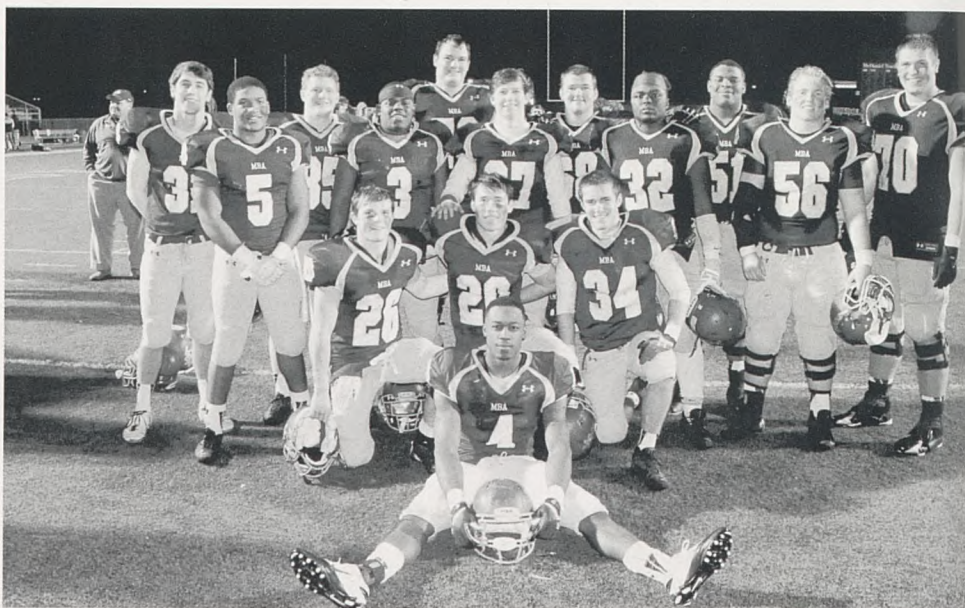

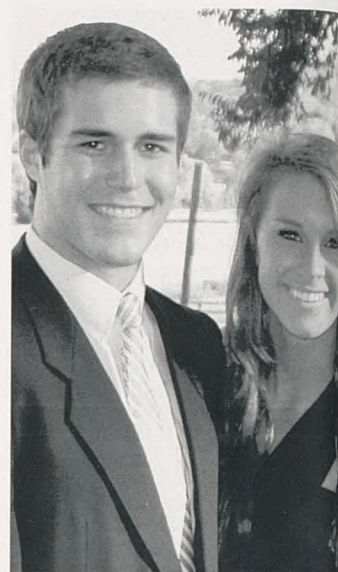

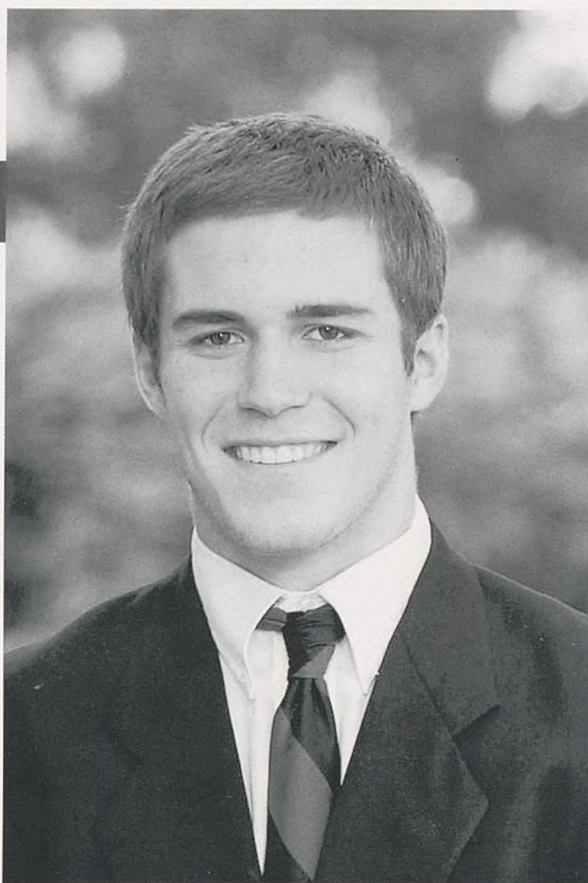

9th grade: the most legendary BRC class of all time, long walks to Taco Bell, bad selfies, M&M, freshman football, my facebook statuses...lord, Charleston, Jalen "fallen soldier" Hurd, Meese, Poughkeepsie Tapes, old Wallace, Mr. Pruitt's class.

10th Grade: the birth of backpints and the infamous "Johnny Mustang," driver's license, Zona, Commander Carr's class (still not sure if it was impossible or I am just dumb),

11th grade: the full year of wrestling, Coach Simpson the younger joined the squad, FIGHT NIGHT (Rounds 1 and 2), "With Your Friends."

12th Grade: senior year football, Bell buckle (one of the coolest experiences of all time), team 115, spring break with the Browns and "the porch," Thanksgiving in Rosemary, Ryan's barn, Braden's for homecoming, the entire wrestling season and the best freshman wrestling group ever, Trogdon's wrestling banquet speech, Coach J, Peanut Butter on wheat, I killed Ridley twice today.

Thanks to all friends, parents, teachers, and most importantly my advisor, Coach Todd Moran, for getting me through the highs and lows of MBA, you will all be dearly missed.

Even though I may not have taken you up on "calling for help about anything in high school" I appreciate the help you gave me during the rare occasions when I asked for help. Thanks to all the friends I have made at MBA, and especially the most random, motliest group of guys of all, Kalyan, Jack, Don, Yoder, Ferriss, Ridley, and Blake. I never would have expected this group to surface, but its been a blast creating countless stories and memories with you guys. We made it!

I thank my parents for putting up with me throughout my career at MBA even when I was at my least determined; they made sure I did not stray to far and ruin myself with my own laziness. I know I don't say it enough or act the part, but I am incredibly grateful for what you two have done for me. As for my teachers and mentors, they were always patient and offered help whenever they could. Although I did not always accept their help, they never stopped offering or trying to help me. Without all of these people I am not sure how my high school career would have gone for me, but I do know that it would not have gone nearly as smoothly. So while I never said it out loud, thank you all for helping me through everything and putting up with me through it.

I'll always remember my time on The Hill. I made good friends here, forming bonds I hope will last a lifetime. My teachers were great, helping me to learn more about myself while still managing to prepare me for the future. I faced and conquered tons of challenges, both academic and social, at this place. Honestly, looking back at my four years here, I can tell I've matured as a person. I can name specific moments where I've changed and grown, and not all of it was enjoyable at the time. But it all revolved around MBA, and I wouldn't change anything. Nothing. Not the trip to Europe, that wouldn't have happened without MBA. Not the homecomings that never quite turned out like they were supposed to. Not standing in the rain, beating BA in overtime as we rushed the field. Not the rivalries with other schools or the friends that drifted along the way. I'll remember the debate trips, the play, the bonfires, and that especially fun spring break trip. I'll remember my family, who stayed with me and supported me through it all. I'll cherish these memories. I'll hold dear the good and the bad, the mistakes and the triumphs. Because our toughest moments, those times where we felt it was all crashing down, and we weren't going to make it through, remind us that we did make it through. We made it; we're here, counting down the days to graduation. We've cleared this hurdle, and made the most of it along the way. It's time to move on, not forgetting our time at MBA, but not dwelling on it either. If you ask me, I wouldn't trade my time at MBA for anything. Roll red.

The past six years at MBA have been filled with memories, friendships, and lessons that will be a part of me for the rest of my life. Although my classes, teachers, and responsibilities would change every year, MBA baseball remained a constant during my time on The Hill. I would like to thank my coaches and teammates for always having my back and pushing me not only to become a better competitor but a better person as well. In the classroom, I couldn't have asked for a better teacher and role model than Señor Paolicchi. Having had me in your Spanish class for four consecutive years from Spanish I- Spanish AP, you have seen the best and the worst from my freshman to senior self. You have helped me learn the importance of things like hard-work and cultural awareness and what you provide to MBA and your students is amazing. I would also like to thank Dr. Tarkington for being an awesome teacher but an even better mentor. You are one of the only teachers I have had with whom I could talk on a personable level. Thank you for all that you have taught me. I would also like to thank Col. Sharbel for welcoming me into your advisory as a Freshman and having the patience to put up with my trouble throughout High School. Finally, I would like to say thank you Coach Mike Anderson for the positive impact you have had on me. Without these four people, and many other of my amazing teachers and classmates, I don't think I would have been able to make it through MBA without y'all.

Attending MBA was always my dream. I always loved coming to football games with my grandfather or summer sport camps. The only problem was that, since pre-school I have struggled with learning issues because of dyslexia. I was never the kid for whom subjects came easily. Since I was in second grade, I have had tutors helping me overcome my disadvantage. I would always be the first one to arrive at school and the last one to leave. Fortunately, through hard work and long hours I was blessed with the opportunity to attend MBA in 2007. Although I have never been a straight A student on The Hill, MBA has made me the man I am today. I would like to thank my family, Dr. Seay, the wrestling staff, and Mr. Tillman for helping throughout the year. Roll Red!

# PROJECT GRADUATION

## *Celebrating Graduation Together*

Following the celebratory graduation ceremony on May 29, the seniors set off for the A Game Sportsplex in Cool Springs. Without knowing anything of the upcoming activities, the seniors were bouncing with joy and excitement on the bus ride from MBA. Starting off with the mother son dance, the seniors then entered the gym where they had the opportunity to play on many inflatables, play basketball, safely run in to each other in hamster-like balls, play laser tag, and finally, bet their winnings at the casino. The casino was by far the most popular of the events because each student had the chance to exponentially increase his earnings at the chance of winning large prizes like a \$1000 gift certificate to Southwest Airlines, an Xbox and TV, a Macbook Pro and Beats, and other amazing prizes. During the night, there was added excitement with the Alumni vs. Faculty broomball game. Though there were a lot of trips and falls, everyone thoroughly enjoyed the affair and laughed off the injuries together. Let it be known, the students won 3-2. When returning to MBA, the seniors received their last prizes of the night and then went home to sleep. The senior mothers deserve a huge thank you from all of the seniors.

# ACADEMIC CLUBS & COMPETITIONS

## *ACE Mentorship, Envirothon, & Science Olympiad*

This year was a busy one with a number of programs and competitive wins for the ACE Mentor Program, Envirothon, and Science Olympiad. The Architecture, Construction, and Engineering (ACE) Mentor Program continued to offer an introduction to architecture, construction management and engineering to students through targeted mentorship opportunities. Envirothon continued its competitive streak this year with teams compete to answer questions about forestry, wildlife, aquatics, soils, and a special topic.

Science Olympiad won their 5th consecutive state title and 6th state title in 11 years of participation in this competition. They then competed in nationals where they finished 42nd. Highlights included a national championship in the event Chemistry Lab (Nilay Patel & Tarun Mallipeddi) and 4 additional top 25 finishes: 16th in Elastic Launched Glider (Sam Hurd), 19th in Write It Do It (Sam Papal & Matt Miccioli), 20th in Water Quality (Sam Hurd & Michael Milam) and 21st in Technical Problem Solving (Sam Hurd & John Higham). Milay and Tarun earned a \$30000 scholarship to University of Central Florida for their national championship.

# LEADERSHIP PROGRAM

## *Developing Character*

LtCol Joe Sharbel and Will Norton led a charter group of students in achieving developing into better and more effective leaders. Students could earn two different levels of leadership medals, silver and gold, depending on their completion of various tasks. Silver leaders were required to attend a series of seminars and experience one night outdoors.

Gold attended the seminars and went the extra mile by spending two nights consecutive in nature and leading their own club. Faculty spoke on their specialties with a focus on communication, vision, organization and ethical leadership. The inaugural class of leaders were recognized in a spring assembly where they received their medals.

# DUKE OF EDINBURGH

## *Young Americans' Challenge*

Prince Philip's charity seeks to encourage and reward youth around the world to reach their full potential by striking a balance of the mind, body, and soul. Headed by LtCol Joe Sharbel, the MBA branch of the Duke of Edinburgh Award expects students to fulfill requirements in special skills, athletics, and community service, in addition to an overnight outdoor experience. Students work their way up a three-tiered system of Bronze, Silver, and Gold, with the required time increasing with each step. This process of self-development involves working with a mentor at school and keeping track of one's own efforts and progress. Students who earned their medals were recognized during a spring assembly with the school community.

# TOTOMOI

## *MBA's Honorary Fraternity*

Totomoi, MBA's honorary fraternity founded in 1954, held two induction ceremonies this year. The purpose of the fraternity is to recognize juniors and seniors who have shown outstanding leadership in academic achievement, athletics, service to the school, and community service. Students apply and are selected for Totomoi induction by a committee of Totomoi faculty and students in course. The tapping in ceremonies were held in the theatre during special assemblies during the fall and spring. This year also saw the posthumous induction of Mr. Billy Tate into Totomoi.

Ben Yahnian presents Kang Huh for induction into Totomoi, and Sam Hurd recognizes Kang's achievements.

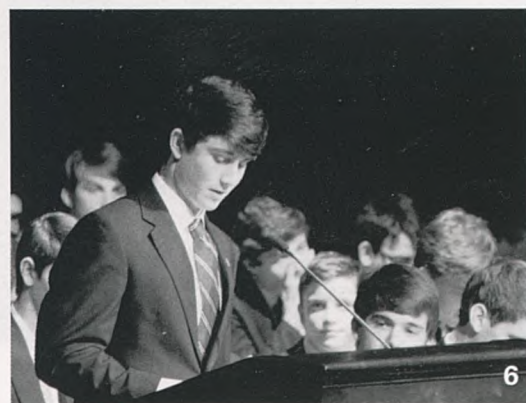

# MLK SOCIETY & CUM LAUDE INDUCTIONS

The Martin Luther King Society held its induction ceremony this spring. Dr. Andre Churchwell, uncle of junior Arthur Churchwell, spoke at the induction ceremony. The King Society, advised by Mr. Kelly, is an honorary society celebrating King's ideals, especially in the realms of service and integrity. Nine members of MBA's community were inducted this year. They were: Clay Andreen, Taylor Asher, Adam Beisman, Warner Bradshaw, Jermaine Francis, Wesley Jenkins, Cole Jones, Diego Martinez, and William Snow.

This year's Cum Laude induction was held in February where inductees included nine seniors. Students were fortunate to listening to Dr. Gaffney speak on the importance of being a lifelong learner. The Cum Laude Society was founded in 1906 to honor individuals with superior academic achievements with MBA founding its own chapter in 1981. The inductees included nine members of the Class of 2014: Taylor Adams, Ben Barton, Wells Hamilton, John Higham, Sam Hurd, Henry Ingram, Grey Reames, Josh Rotker, and Will Singer, and nine boys from the Class of 2015: Sam Bellet, Clay Cavallo, John Lafranchise, Thomas Marosz, Matt Miccioli, Michael Milam, William Richardson, Richard Thornton, and John Triplett.

MLK Society members light a candle to symbolize the light of hope that service brings. 6. Harrison Davis speaks during the Cum Laude induction.

# STUDENT COUNCIL

## *Planning Events for ALL*

The Student Council functions as the primary liaison between students and administration. It serves as an advisory body for the Headmaster, as well as, among other things, overseeing student elections and candidate eligibility. The Student Council operates under the rubrics of its constitution. At least one class sponsor for each grade should be present at all meetings. They also directly serve the MBA community by organizing public events such as the annual Carnival, flag football, and ultimate frisbee tournaments.

1. The MBA community enjoys the annual carnival 2. Left to right: Ritch Gillespie, Jacob Kovick, Frist Allen, Jake Evans, Tom Peters, Harrison Wheeler, NAME, William Johnson, Russell Carpenter, Andy Zhu, Stephen Sullivan, DJ Mott, Bill Leftwich, Jermaine Francis, Paul Garrard, Trevor Patton, Alec Gaw, Keith Gambill, Hunter Hamilton, Alec Whitson 3. Stephen Sullivan hits the water in the dunk booth at the MBA Carnival. 6. Seniors Cal Fisher, Denney Lackey, Russell Carpenter, Paul Gerrard, David Spencer, and Ryan Carr take a break during the Ultimate Frisbee tournament.

# HONOR COUNCIL

*Integrity, Responsibility, Respect*

Founded in 1945 on one of the pillars of The Hill, the Honor Council promotes integrity by enacting a common set of rules across all areas of the school. They serve as an advisory board when a student's honesty is questioned and are respected for their commitment to bettering the value of life at the school. This year's Honor Council leadership consisted of Will Singer as President, Cal Fisher as Vice President, Wilson Vaughan as Secretary, and Ferriss Bailey as Attorney General.

# MBA DEBATE & EXTEMPORANEOUS SPEAKING

The Policy Debate team had a magnificent year at the hands of its new coach, Mr. Josh Clark. Its top team, Adam Biesman and Rahul Ramanna, ranked nationally in the top thirty multiple times in addition to major accomplishments including an invitation to the University of Michigan Seniors Round Robin. They also had impressive finishes at the Greenhill School Tournament and University of Kentucky tournament. The freshmen brought much promise to the program as well as with CJ, John Cooper and Liam Jameson, earning a spot in the semifinals at the novice national championship.

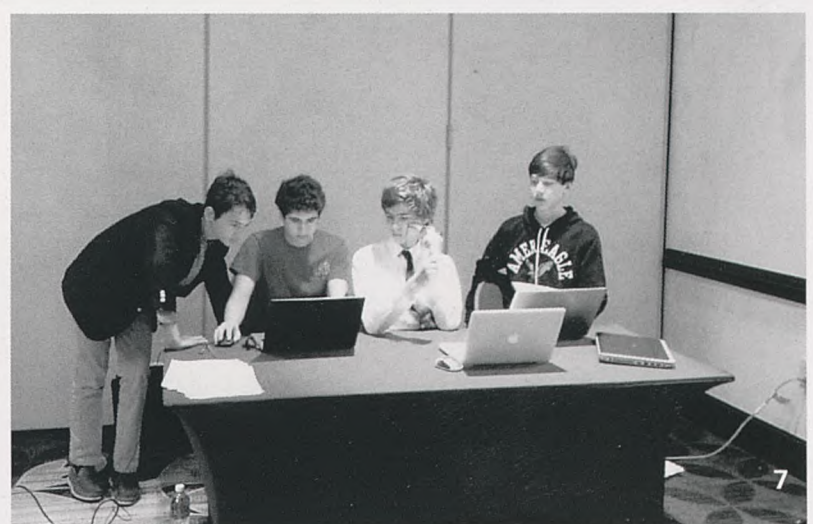

MBA's Extemporaneous Speaking Debate teams had major accomplishments this year. In extemporaneous speaking, the Big Red performed flawlessly, even without Mr. Tate's magical presence. Armand Jhala, Sam Hurd, Tony Ding, and Kang Huh swept the country with significant placements at national tournaments ranging from the Barkley Forum at Emory to the prestigious St. Mark's high school tournament.

The MBA Cross Country team started off their year at the Cherokee Classic, where they placed second overall, led by senior Eric Anderson. From there, the team traveled to the McCallie Invitational, finishing first in the varsity and junior varsity races, respectively. In early October, the team once again defended its Metro Championship title, finishing first out of fourteen Nashville teams, led once again by Eric Anderson. The season ended at the State Championships, where even though the team did not win, Eric Anderson emerged as the individual champion, being the fourth MBA student to have won this title. The Cross Country team will miss the talent of their seniors but they look forward to continued success in the coming years.

## *A Season Full of Exciting Moments*

The varsity squad started off the season with a decisive win over Christian Brothers HS and continued their winning ways for most of the season. After an exciting season of both close games and break out wins MBA finished the regular season with a 9-1 record. This earned them a bye in the first round of the TSSAA playoffs. The Big Red hosted Baylor in game two of the play-offs. During that game the Big Red defense stifled the Baylor offense and allowed the running game of MBA to control the clock. With stand out performances by freshman Ty Chandler and senior Tony Drew the Big Red rolled to a 31-10 play-off win. The Big Red advanced to the semifinals of the TSSAA Division II - AA playoffs where they lost in heartbreaking game to Memphis University School on Friday November 22nd. Although, it was a tough end to a great season the Big Red are looking forward to another great season next year. Special recognitions this year included Alex Bars being named to the Under Armour All American team and Grey Reames recognized by the National Football Foundation for his achievements on and off the field.

With a season full of highlights the varsity golf team did not disappoint. The Big Red Golf Team won the Div II East/Middle AA Region Golf Championship with a score of 297, 1 shot better than Baylor and 4 shots better McCallie. This was MBA's first Region victory when the Chattanooga schools have been in the Region. The Big Red Golf Team also won the Div II East/Middle AA Region Golf Championship shooting a score of 297, one shot better than Baylor and four shots better than McCallie. In the State tournament they started day two one shot back in 2013 DII State Championships, the Big Red Golf team fell short of its bid for the school's first state championship in 30 years. While the team was disappointed, it was a historic season for the MBA golf team. The team won Regions for the first time since the inclusion of Baylor and McCallie, and it was a legitimate contender for the State Championship for most of the tournament.

## *State Champions, Four Years Running*

The MBA rifle team, led by team captain Brandon Carpenter, and Coach Sharbel completed another successful year after an intense and long season beginning in early August and ending in April. After winning the MBA Rifle Classic, the largest high school air rifle tournament in the nation, the team went on to more outstanding victories over rivals such as Shelby County (Kentucky), St. Louis University High School (Missouri), Blackman, Harpeth Hall, and Hume-Fogg. Additionally, the team had strong showings in both the Ole Mill Invitational, American Legion, and Blue Ridge Postal Match. The team concluded its fifty-third season winning its fourth straight state championship with an MBA and Tennessee record 2314 and adding an unprecedented thirteenth state championship banner in the Rochford Range. Freshman Luke Rochford, the individual 2014 high school air rifle state champion, led the first squad composed of Nathan Sharp, Andrew Dupuis, and Josh Cheng. In addition to placing first, the MBA rifles seized third place with a four-man squad including Brandon Carpenter, Matt Miccioli, Zach Wassinger, and Reilly Dodd.

## *Gliding Through a Great Year*

The MBA rowing team, led by seniors Stroud McMahan, Henry Ingram, Taylor Adams, Harrison Davis, and Sam Gregory completed another successful year. The team was invited to such prestigious regattas as the Head of the Hooch in Chattanooga, The Stokesbury Cup in Philadelphia, and the Cincinnati Head Race. In the fall, the crew team concluded their season with an incredible showing by the 1st Varsity 8 by rowing a 5K race in just over 15:30 and finishing 2nd among the 600 boats at the Head of the South in Augusta, GA. In the spring, the team had strong showing at the Dogwood Regatta in Oak Ridge, TN; and multiple medals at the John Hunter Regatta in Gainesville, GA. Program firsts accomplished this year include: beating state powerhouse McCallie for the first time ever, going to winter training camp at Winter Park in Florida, and having the 1st Varsity 8 comprised of coxswain Davis Voecks ('16) and rowers Stroud McMahan ('14), Henry Ingram ('14), Taylor Adams ('14), Heyward Rogers ('15), Seth Cook ('15), Harrison Davis ('14), Sam Gregory ('14) and Gage Anderson ('15) invited to Philadelphia for Scholastic Nationals at the Stokesbury Cup Regatta. ## *Nothing but Net*

The 2013-2014 Varsity Basketball team had a very productive and enjoyable season, completing the year with a 17-8 record. Led by seniors Alex Bars, Vinny Gaglione, Charlie Hawkins, Elliott Morrissey, Jonah Rappuhn, Murphy Smiley, and Duncan Smith the team finished third this season in a quarterfinal loss in Memphis to Briarcrest. The Big Red opened the year by defeating Ezell-Harding soundly, beating MUS on a late game shot, and pulling away from Antioch in the second. After a disappointing loss against a young but talented Station Camp squad, the team bounced back with victories over Franklin, MICDS (St. Louis), Harpeth, and Marshall Co. An early January trip to Memphis saw the Big Red defeat St. Benedict and defending DII-A champion Lausanne on the road. After opening league play with two tough losses, the group showed great resilience by bouncing back and going 6-2 in the remaining league games. The Big Red swept Father Ryan and split games with Brentwood Academy, Ensworth, JP II and the Chattanooga schools. Amongst its victories during the year were wins over DII-A runner-up FRA and metro district champion Cane Ridge. Unselfishness and a great sense of teamwork were hallmarks of this year's team. The results were strong, but the way in which this team played was more memorable. It was a fun team to watch and one that represented the school and community well.

# BOWLING

## *Rolling Down the Lane*

The MBA bowling team's story consists of heartbreaking losses, thrilling victories, and everything in between. Finishing with an 11-9 win-loss record, the Big Red bowlers bounced back from a slow 2-6 start, in which they lost close matches to JPIL, USN, and Father Ryan. Winning in a rout against rival team Ensworth and picking up big wins against BGA, Ezell-Harding and FRA, the bowlers chose the perfect time to pick up their game. They could not have peaked at a more important part of the season. With a late run, they set themselves up for a good seeding in the district tournament. The bowlers went on to the district semi-finals, where they suffered a hard loss. Senior Nilay Patel was invited for the second year in a row to the TSSAA Division II Individual State Tournament, where he finished third, a satisfying conclusion to his four year bowling career. The top three averages of the team were held by senior Nilay Patel, sophomore Jackson Wooten, and senior Samuel "Mr. Clutch" Bamigboye with 190.7, 159.4, and 151.2 averages respectively. Providing much needed boosts for the team were sophomores Greyson Fettroll and Brinton Hoover, junior Joseph Coakley, and Rookie of the Year Bates O'Neal, Most Improved Ben Chen, and Senior Leader Rem Houghton. With five graduating seniors and long-time head coach, Pete Carr, leaving The Hill, it will be exciting to see how the bowling program changes and develops in the years to come.

# HOCKEY

## *Bringing the Heat to the Ice*

MBA Hockey had an extremely successful 2013-2014 season. The Greater Nashville Scholastic Hockey League was once again divided into three tiers, MBA being placed in the second. With an exceptional record of 13-4-1 the Big Red took first place in the second tier and moved to the first tier to compete in the playoffs for the Predators Cup. The success of the MBA Hockey team can be attributed to the outstanding performance of senior goaltender Jack Coyle, who allowed the team to have the lowest number of goals against in all of GNASH. Though the team's efforts did not earn them any hardware this year, they are confident that they will have great success in the coming years as several Freshman including Jacob Kovick, Jake Evans, Ellis Moore, Nick Ray, and Noah Wamble show great potential for the future. Finally, the team thanks Coach Knapp, Coach Deutsch, and Coach Mazzoni for their dedication to the program and to the individual players throughout the year. Their commitment to MBA Hockey is imperative to the success of the program.

## *Kicking and Pulling Their Way Through*

It was another successful season for the Big Red swimming program, one upon which the team looks the improve as practice time availability increases in the coming years. Behind seniors Jonathan Barringer, Benjamin Chen, Keon Cleary, Miles Curry, Austin Dobbs, Wes Duke, Andrew Dupuis, Jack Grant, German Martinez-Rojas, Grahame Vines and Sam Weien, the squad won the division before capturing the regional crown. The Big Red started the season with a 173-92 victory over division rival Ravenwood. Coming off this win, MBA traveled to Oakland High School, where the squad won 88-82. In an out-of-division match-up, a limited MBA team lost to St. Xavier in Louisville. The Big Red then clinched the division by defeating Brentwood High School 86-85 in early December, making it five seasons in a row of undefeated dual meets. After returning from Winter Break, the Big Red earned second place to McCallie at the Ensworth Invitational. With 27 swimmers eligible for the regional meet by the end of the regular season, MBA carried its momentum into the MTHSSA regional competition, taking first place by 13 points to the second place MAKOS. While the team fell short of a state title, the 200 Free Relay team earned a medal at the event. The season as a whole was a success for the Big Red and shows promise for a prosperous future.

## *Pinning Their Way to Victory*

The 2013-14 MBA Wrestling team surpassed all expectations and surprised many with an outstanding year. Lead by seniors Ben Barton, Wells Hamilton, Stephen Johnson, Sam Papel, Blake Patton, Nick Trogdon and Ridley Wills, the Big Red finished the season with a record of 18-5. Tournament finishes included fifth in the Tullahoma Duals, first in the Beech Invitational, first in the Independence Duals, fifth in the Ryan Invitational, and ninth in the prestigious Southeastern Prep Slam. The wrestlers had a rebuilding year in many ways with the loss of many state placers from last year. Freshmen sensations Gabriel Elkin, Michael Elkin, and John Michael Glover provided a glimpse of great things to come in the lower weight classes. Sophomores D'On Coofer and John Kelly anchored the upper weights with as much power as anyone in the state. The teams' stability came from the middle weight classes as Johnson, Wills, Sam Bellet ('15), Blake Solarek ('15), Mark Floyd ('16), Hamilton, Barton, Patton, and Ben Kelly ('15) provided the leadership necessary for so many victories this year. The future looks bright for the wrestling team with Coofer capturing the state title at 220 pounds and Gabriel Elkin placing second at 106 pounds. Other state placers were Solarek, Johnson, Wills, and Floyd taking third; Glover and Bellet finishing fourth; and Patton and Michael Elkin claiming fifth. The 2014 Big Red Baseball team got off to a great start by sweeping rival Ensworth. The varsity squad then headed on the Spring Break trip to Orlando, Fla. via Atlanta and Perry, Ga. They lost in the bottom of the seventh inning to Douglasville and lost to The Westfield School 6-2 in Perry. The team then journeyed to Orlando to play two very talented teams in Boone High School and nationally ranked First Academy. They lost both with scores of 5-0 and 5-1 respectively. After Spring Break, the team ventured to Chattanooga to play The Baylor School and split (1-1) after battling Mother Nature the entire weekend. The Big Red took the series against in-town foe Brentwood Academy, but proceeded to lose three straight series to finish the season in fifth place in the region. # MBA LACROSSE

The 2014 MBA Lacrosse team entered the season hoping to compete for a state championship in May. The Big Red opened the year against Trinity, the defending state champions from Kentucky. Looking to atone for a painful loss to the Shamrocks the previous year, MBA overcame a 4-0 halftime deficit and put nine goals on the board in the second half to win 9-6. MBA followed that victory with a 9-5 win over Ravenwood, a thrilling overtime win against 2014 Kentucky State Champion St. Xavier, and 9-5 win over Brentwood. For its Spring Break trip, the Big Red traveled to Annapolis, Maryland, to take on national power St. Mary's and The Calverton School. MBA returned home and recorded wins over Zionsville (IN), Pace Academy (GA), regional foe Pope John Paul II, and longtime rival McCallie. MBA continued its winning ways in the next two games, but injuries to several key players began to take their toll on a promising season. An overtime loss to Ensworth and a defeat to three-time state champion MUS left the team looking for a return to its early season form. The Big Red found its winning ways against USN and Cambridge (GA), and then dropped a tough decision 5-4 to Georgia 6A semifinalist Walton. Just as it appeared the team was ready for a playoff run, two more starting players were sidelined for the year in the final week of the regular season. The team managed to come together for a convincing win in the first round of the TSLA playoffs before falling again to eventual state champion MUS in the second round of the playoffs. While the end result was not what the team had in mind, the journey together through the highs and lows of the season will certainly be remembered.

# MBA SOCCER

The MBA Big Red 2014 soccer season can only be described as epic. After a shaky start to the season with losses at home to Independence and Franklin, the Big Red rebounded by recording seven consecutive shutouts highlighted by a 1-0 conference win against Baylor. After a heartbreaking 1-0 loss to Father Ryan, the Big Red stepped up their game at the dawn of the playoffs and began playing their best soccer. Although the season ended in the semifinals with a devastating 1-0 overtime loss to the eventual state champions, CBHS (Christian Brothers High School), the season is still regarded as a success. Seniors Nick Obrebsky, Ross Blackwell, Jonah Rappuhn, Chase Duffey, Coleman Kelley, John Michael Gould, Ben Shankle, Drew Benson, and Sam Smith laid the groundwork for a deep and competitive team for years to come. The team has nothing but praise for their incredibly supportive coaching staff Coach Cheevers, Coach Alan, and Coach Klausner as well as their incredibly loyal fans.

# MBA TENNIS

## *Serving up a Winning Season*

The 2014 Varsity Tennis team had a much different look than the teams of the previous five years.

Four seniors, all either playing significantly higher in the lineup than in 2013 or playing in the starting lineup for the first time, were joined by six freshmen, a sophomore, and two juniors. Two of the freshmen, George Harwell and Ben Ramon, played in the starting lineup for singles and doubles. MBA finished the regular season with a record of 6-2. In tournament play, MBA finished in second place at the St. Xavier Jamboree, losing to St. Xavier (Louisville) in the finals. Along the way, an

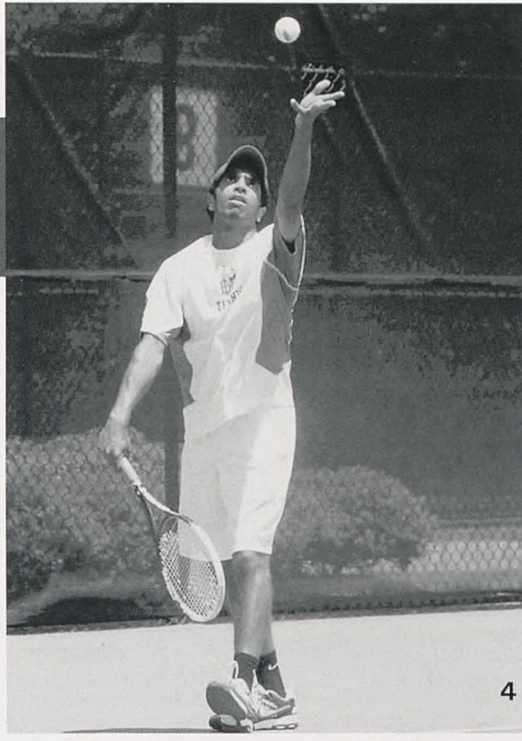

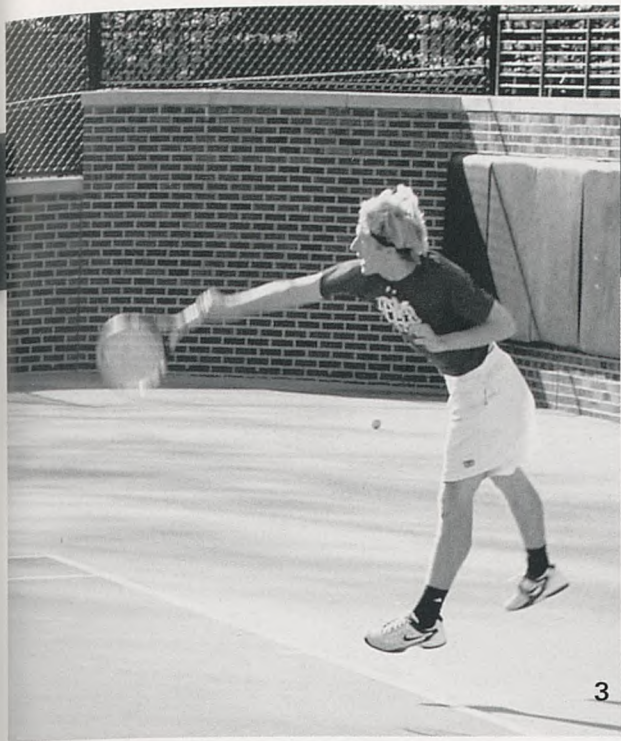

impressive victory was picked up by the Big Red (5-4) against a team from Cincinnati. A fourth place finish at the Rotary Tournament in Chattanooga was followed by a close fourth place finish at our own Carter Invitational. At both the Rotary and Carter events, freshman George Harwell won his singles division (#3). In winning these brackets, Harwell beat seniors from TSSAA state champion MUS and state runner-up McCallie. In the Playoffs, after receiving a first round bye, MBA defeated Briarcrest (Memphis) by a score of 4-0. In the semifinals, however, the Big Red came up short against McCallie. George Harwell qualified for the TSSAA state singles individual tournament, losing in the quarterfinals. Tarun Mallipeddi and Wilson Vaughan, both seniors, qualified for the TSSAA state doubles individual tournament; they lost in the quarterfinals. With a strong season this year

and a great crop of upcoming players the future of MBA Tennis looks bright.

# STUDENT vs. FACULTY GAME

## *The Faculty Win (again)*

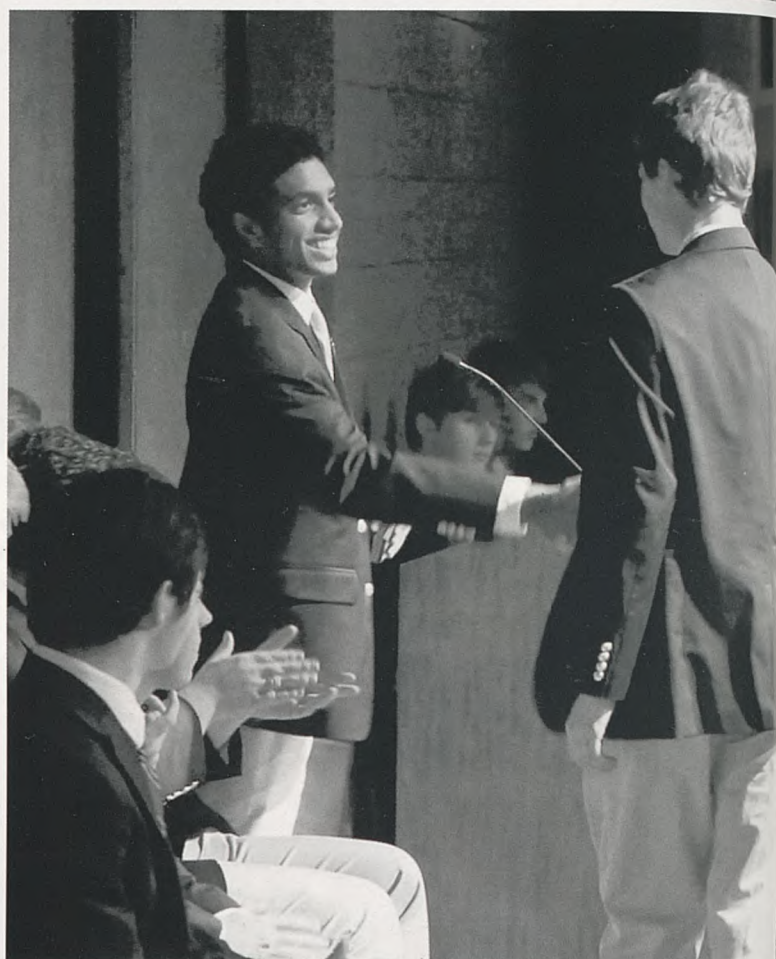

In keeping with the tradition of recent years, the big red faculty and seniors got together for the annual student vs. faculty basketball game. Though the teachers won the game, everyone knows that Thistle Farms emerged victorious because of the numerous funds raised for the organization. The game was highlighted by Mrs. Qian's opening tip-off, Coach McMahan's amazing three pointers, and even DJ Mott's dominance in the paint. There were even some funny plays like missed dunks and furious blocks. Nilay Patel even beat Coach Jackson in a brief 3 point shootout prior to the start of game. Once all was said and done though, the faculty pulled ahead due to a late surge. However, everyone was satisfied that their fun could provide those less fortunate with better opportunities to succeed in life. The community would like to thank Mrs. Anglin for her efforts with Thistle Farms and everyone who helped put the basketball game together.

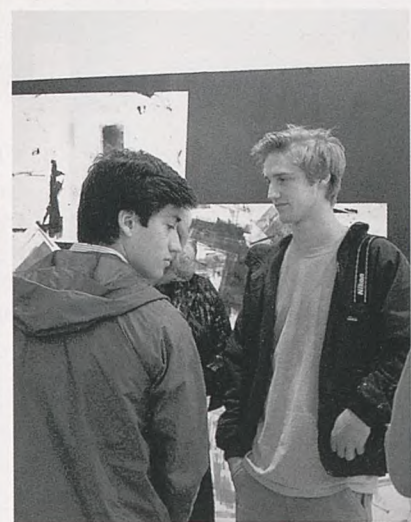

# CLUBS & EVENTS

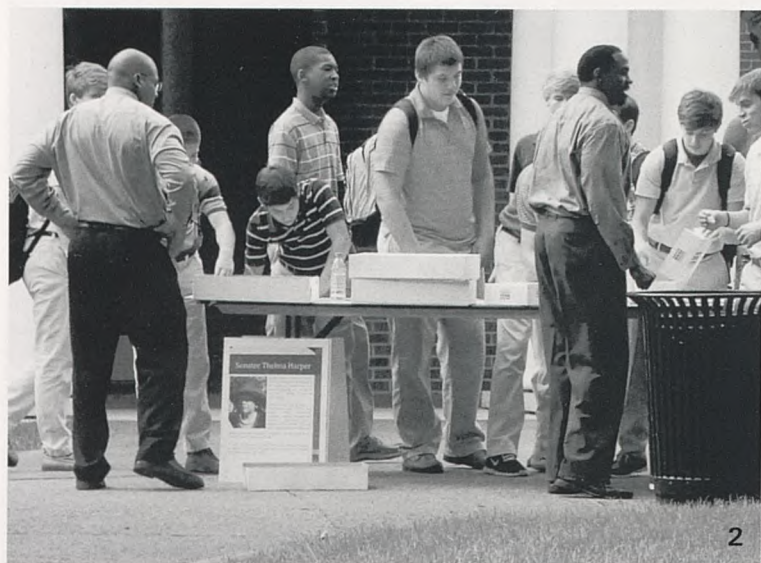

# ACTIVITY FAIR

## *Time to Get Involved*

Each year students of all ages have a chance to check out all of the available clubs during the activity fair. The quad fills with students during the fair and it's not just about the available sugar. Students can grab a donut and sign up to try a new club or activity. For seventh graders it is one of the first chances to get involved with something in addition to studying and athletics. The range of clubs available to students covers everything from astronomy to debate to yearbook. There's something for everyone at the activity fair, even donuts.

# Anything Goes

## *Music & Lyrics by Cole Porter*

In their sixteenth musical collaboration, MBA and Harpeth Hall presented Cole Porter's *Anything Goes* on August 28 through August 30, 2013. Directed by Janette Fox Klacko and produced by Cal Fuller, this year's musical had a cast of more than forty students, plus crew and orchestra members. *Anything Goes* takes place on a ship sailing for England in the 1930s. As passengers seek sun, luxury, glamour, celebrity sightings and high society, as well as an escape from life on the shore, high seas high-jinks ensue. This musical voyage alters the course of the lives of its passengers in dramatic fashion. Passengers like Reno Sweeney, played by Lark Morrison, and Billy Crocker, played by Caleb Carpenter, discover that the depth of their passions, friendships, and their love are more important than the cheap distractions of the day. # HENRY V

## *The Dramatic Unification of a Nation Under a Common Goal*

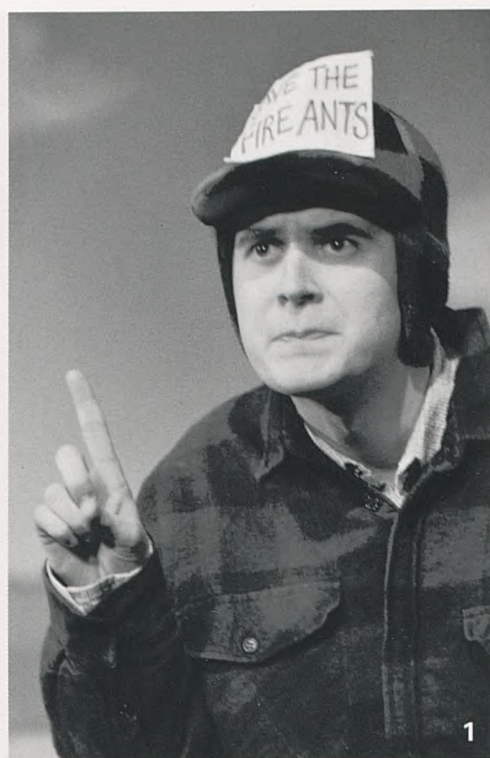

The MBA drama department performed Henry V by William Shakespeare on the weekend of November 21-24. In the early fifteenth century, charismatic young Henry, England's new king, sets out to repair his fractured nation with a common purpose: war with France. But Henry's small army of bumbling country militia and petty thieves seem to be no match for the slick French war machine. While Henry sets out to secure his crown, he finds humility, true leadership, and the power to inspire a nation. Malcolm Morrison directed this epic tale that is both adventurous and introspective, using a variety of mediums. In addition to the chorus sharing behind the scenes information, historical facts were projected in the background to give the audience context on the unfolding drama. Morrison made the artistic decision to employ Brechtian theatre with a minimal stage set, letting the audience feel immersed in the experience with their own imagination.

7. The cast warmly welcomes you to the show. 8. Jess Darnell, serving as the chorus, takes the audience deeper into the story with the presence of a college professor. 9. Row 1: Coleman Sorenson; Row 2: Hudson Coombs, Harry Stewart; Row 3: James Matthews, Matt Remke, Josh Rotker, Andrew Kaplan, Henry Moxley

# A Tuna Christmas

*by Jaston Williams, Joe Sears,  
and Ed Howard*

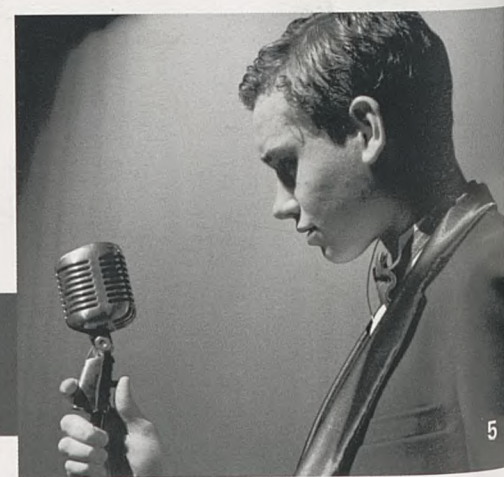

What do you get when you take two young men, and add wigs and a dozen different outfits? A hilarious one act that left audiences laughing for a lot longer than the forty-five minute run time. Every time one of them would run off stage for a few seconds to change costumes, the audience was always left anticipating what kind of an absurd personality would emerge next. Just in time for the holidays, Bertha Bumiller, Petey Fisk, Thurston Wheelis, Vera Carp, and all the other zany residents of Tuna, Texas (played by only two actors, Coleman Sorenson and James Matthews) brought theatre goers the merriest Christmas of them all. Rick Seay traditionally directs the one acts every year, but this one was unique in that it had more designated costume changers than actors with a 2 to 3 ratio. After a single performance in front of a live audience, they took the production to the state competition, where they were warmly greeted with a multitude of laughs.

1. Jess Darnell looks on the dramatic moment between Bates O'Neal and Lark Morrison. 2. Jack Duke and Brianne Morrow are ready for a night on the town. 3. Discussing Gatsby is serious business for Jess Darnell and Eliza Trost.

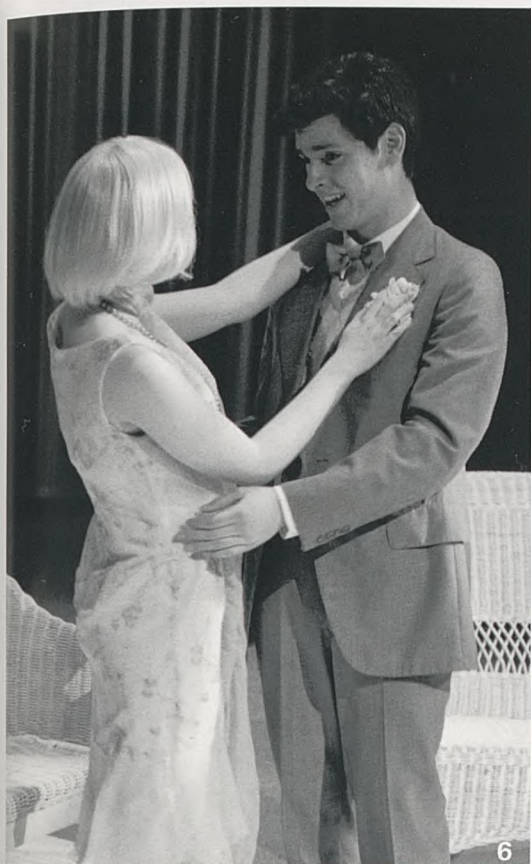

# THE GREAT GATSBY

*based on the Novel by  
F. Scott Fitzgerald*

MBA Players presented *The Great Gatsby* to the community February 20-23, 2014. With the Paschall Theater crowded for each performance Dr. Fuller directed an amazing cast and crew. The show also featured music by The Misbehavin' Jazz Band with Mr. Rundberg serving as Musical Director. Set in the Roaring Twenties, the play gives views a glimpse into the changing times, by showing the sharp contradictions between the aristocrats, nouveau riche and poor. Dr. Fuller "hoped their interpretation gave you a fresh look at Fitzgerald's classic." This beautifully crafted interpretation of the novel that defined the Jazz Age, Jay Gatsby (played by Jack Duke 2015) is imprisoned by his romantic fantasies and newly gained fortune. He pursues the elusive Daisy Buchanan (played by HH senior Brianne Morrow). Nick Carraway (played by Jess Darnell 2015) is drawn into their world of greed and obsession. The cast also included strong performances by Bates O'Neal (2014) as Tom Buchanan and Jack Thompson (2014) as George Wilson. While *Gatsby's* story is inherently dramatic, staging a novel is challenging. The show had a great reception with sold-out performances on Thursday and Friday nights.

# IN THE UNLIKELY EVENT

## *Student Directed One Acts*

The MBA Student Directed One Acts, entitled "In the Unlikely Event," are historically led by seniors and always manage to leave the audience laughing. This year was no exception. Though it was a small senior class, the quality of performance was high. Senior Josh Rotker directed the very relevant "This is a Test" which takes a humorous look at the pressures of school and the effects of and all-nighter. With impressive performances by Daniel Maynard (2015) and Caleb Carpenter (2014), this play was particularly popular with students.

Coleman Sorenson directed "Black Comedy" by Peter Shaffer. In this British farce, a young artist named Brindsley tries to impress his girlfriend's father and an art collector interested in his work and as nothing goes as planned hilarity ensues. Rogers (2015) as Brindsley and Tanner McCormick (2016) as his would-be father-in-law.

1. Henry Rogers sits down in "Black Comedy" when he realizes that his lies are collapsing in on him. 2. Bates O'Neal and Grahame Vines played a role in Daniel Maynard's test-taking nightmare. 3. No excuse Daniel Maynard gives is going to fly during this test. 4. Something is not right with the furniture or the beverages in "Black Comedy." 5. In "This Is a Test," Daniel Maynard's nightmarish test never seems to end. 6. # Thespian Society

## *Bringing the Stage to Life*

With Dr. Fuller, Mr. Morrison, and Mr. Berry as sponsors the Thespian Society had a great year. Students actively involved in theatre have the opportunity to gain membership in the International Thespian Society (ITS) by earning points in for participation. ITS meets regularly and involves itself with the production work for the yearly four-show season. This season ITS members were actively involved in *Anything Goes*, *Henry V*, *The Great Gatsby* and *In the Unlikely Event*. The club also maintains and cares for the Paschall Theater, including operation of the lights and sound booth. Students also helped coordinate the Shakespeare-a-Thon where students performed for twelve consecutive hours to raise money for both Endada, the music and arts festival, and local charities.

The Orchestra enjoyed working in the new space this year, complete with instrument storage. With the new space comes added growth to the music program. The boys in orchestra continue to be very involved in our music recitals, having been exploring new music through chamber ensembles. Students performed at a number of assemblies and activities over the course of the year including a number of assemblies and concerts. In addition, their support in the combined March Concert and Spring Concert has lead to immense growth in the overall quality of those shows.

# CHOIRS

## *Where Great Harmonies Abound*

While enjoying their newly created space in the Davis Building the various choirs had a creative and productive year. In addition to their frequent appearances at assemblies and school events the many MBA choirs performed for the public and competed in a number of festivals and competitions. Chamber Choir was invited to perform on The First Presbyterian Concert Series and the Lipscomb University Concert Series. They also received superior rankings at MTVA Choral Festival and ACDA State Choral Festival. The Big Red Chorus received an excellent ranking at the MTVA Choral Festival While the Headmaster's Singers received a superior ranking at the MTVA Solo and Ensemble Festival. Seventeen members from the Big Red Chorus and Chamber Choir were selected to the TN Mid-State and Freshman Honor Choirs. The choir is especially proud of the following six members who have been selected to participate in the Tennessee All-State Choir: Christopher Burrus, Nicholas Heim, Bates O'Neal, Andrew Porter, Wes Richardson and John Triplett.

They perform at football and basketball games to keep the crowd energized and ready to cheer on the Big Red. This year Rock Band was led by seniors Brad Bennet, Chris Mowery, Davis Lovvorn, Callie Kirkland (HH), Ferriss Bailey, and Keon Cleary.

Students also perform at the student run Cellophony show. Cellophony is a student run concert incorporating strings, vocalists, and rock musicians. It was started several years ago by Hamilton Berry. All proceeds from this concert benefit the W.O. Smith Music School, which provides music lessons for underprivileged students.

# JUNIOR SCHOOL

# MRS. NITA SNOW

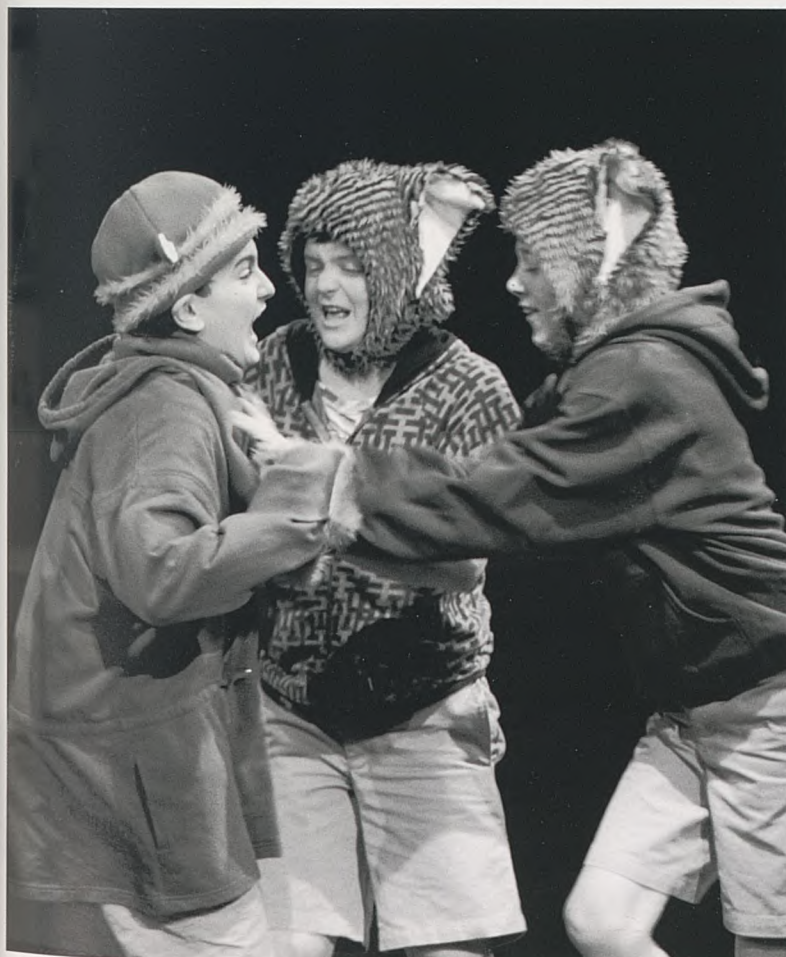

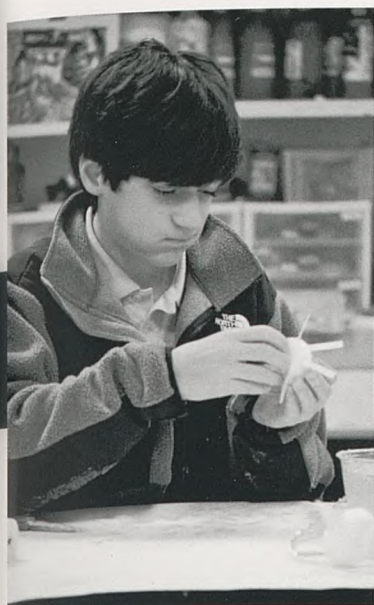

## *Junior School Dedication*

Nita Snow was the face of the Junior School for the last fifteen years. She greeted you each morning and was most likely the one who sent you on your way at the end of the day. Mrs. Snow was there for everyone. She could make the day better and still admonish you if needed. Her tenacious belief that it just had to be done the expected way, helped everyone to be better. She was the first to celebrate small and large successes. Nothing pleased her more than a visit from one of her boys as they often returned to show her that they really did heed her guidance. In honoring her years of service to the MBA community and her retirement at the end of this school year the Junior School section of the yearbook is dedicated to Mrs. Nita Snow.

1. Mrs. Nita Snow sporting her signature smile as this school year kicked off. 2. Mrs. Lechleicher leans in for an extra hug as they prepare for their final JS graduation ceremony together. 3. # CAMP LANEY

## *Starting the Year Together*

Camp Laney is the first class event for the seventh grade. In early September students traveled to Mentone, Alabama for three days of fun in the trees and on the river. Big field games, a high ropes course, boat building and almost endless battleball games filled the days and most of the nights. Students came down from the mountain as a unified Class of 2019 ready to face the challenges of the first year on The Hill.

1. A scene from the aquarium. 2. The boys sit down after a long day in the sun. 3. The Braves game was enjoyed by all. 4. A game of paintball quickly begins. 5. To celebrate the completion of the Junior School the 8th Graders traveled down to Atlanta for a weekend of fun. With the goal to be being to play and enjoy the time together. Activities included going to Six Flags over Georgia, the aquarium, a Braves game, and playing paintball. Favorite rides at Six Flags were Superman, Batman, Goliath, Ninja, Dare Devil Dive, and the Scorchers. At the aquarium, students got to pet sharks and stingrays. The Braves won with a walk-off single in the bottom of the 10th inning over the Washington Nationals. In the final and decisive battle of paintball, the 8th graders defeated the coaches' team in exciting fashion.

# JUNGALBOOK

## *The Junior School Hits the Stage*

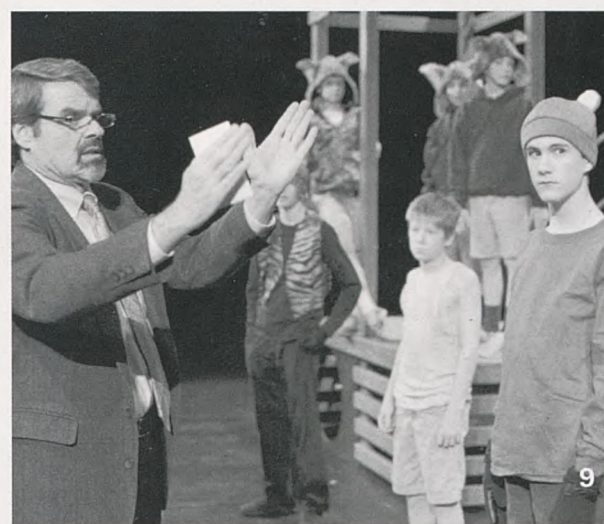

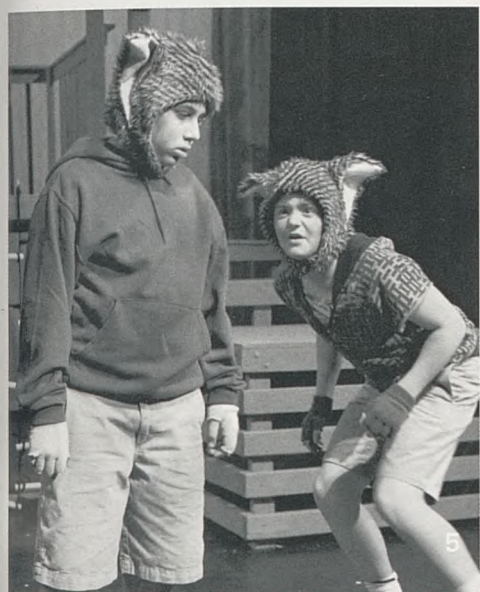

This year's junior-school play was *The Junglebook*, a hauntingly beautiful and meaningful script written by Edward Mast. Mast based his play upon Rudyard Kipling's *The Junglebook*, but he set the version on a playground where humans represented the many animals rather than being costumed realistically as animals. With a cast led by Andrew Falls, John Powell Cooper, Harrison Kidd, and Ben Wood being directed by Dr. Rick Seay a great show was bound to follow. Following the shows the playground set was donated to a local school to be enjoyed by many kids to come.

1. Harrison Kidd confronts John Powell Cooper about the future of "the human boy," played by Ben Wood. 2. Andrew Falls instills wisdom to Ben Wood. 3. Jack Capizzi shares a moment with Ben Wood. 4. John Powell Cooper took on the role of the Panther. 5. Andrew Sutpkin and Jack Capizzi tackled the roles of the wolves. 6. The Big Brother program was started at MBA in order to make 7th grade boys feel welcome on The Hill. Seniors call their 7th grade brothers to introduce themselves in early June, letting them know that they'll be picking them up on the first day of school. When registration finally rolls around, seniors drive their little brothers to school, informing them what they will be doing that day and for the next seven years. Over the course of the year, seniors check in with their little brothers and spend time with them at various events. From half-time fun at football games in the fall, to battle-ball at break in the spring, the relationship between the seniors and seventh graders grows stronger throughout the year. The program culminates in May with a final breakfast when the seniors say a temporary goodbye to their little brothers and wish them luck for the rest of their time at MBA. It is a truly wonderful program that fosters special relationships that would otherwise be very unlikely.

Do not turn from it to the right hand or to the left that you may have success wherever you go. "It always seems impossible until it's done." - Nelson Mandela

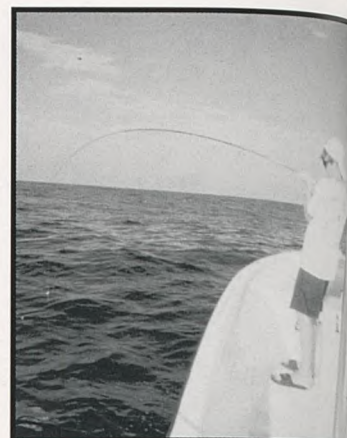

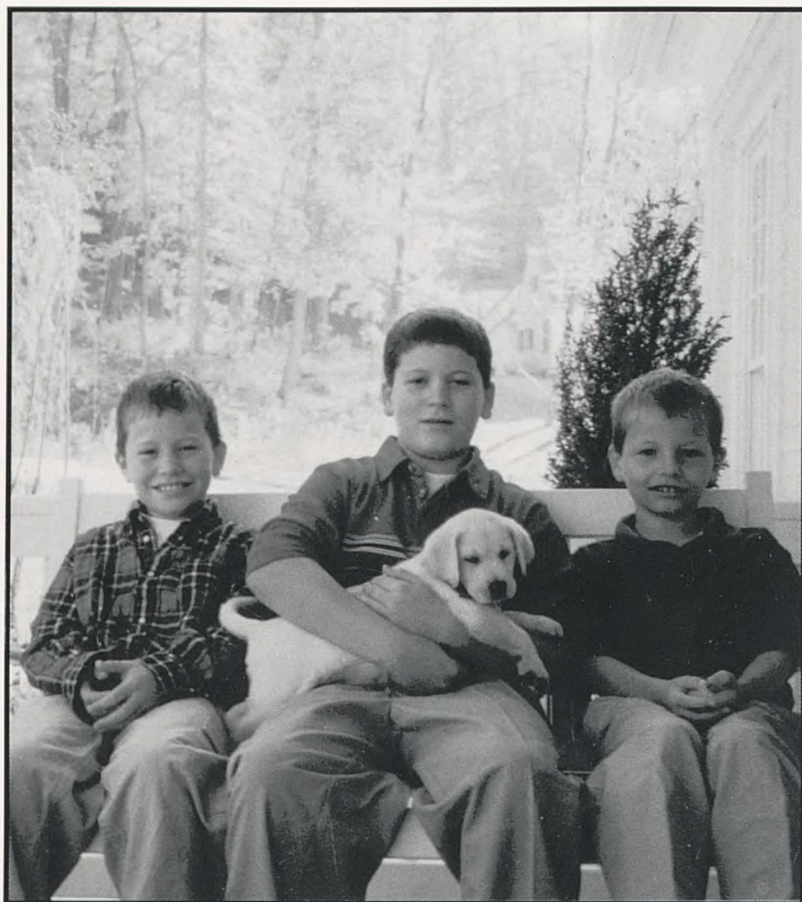

Miles, we have watched you grow from a relentless boy to an honorable young man. We pray that God continues to guide your unyielding spirit to achieve the impossible as you strive to make the world a better place. As you have said to us, "it's not about me - it's about opening doors for those behind me".

... *whatever is true, whatever is honorable, whatever is right, whatever is pure, whatever is lovely, whatever is of good repute, if there is any excellence and if anything worthy of praise, dwell on these things.* ~Philippians 4:8

## Keon Cleary

Keon, throughout your life we've taught you that good things happen when good decisions are made. We are proud of the decisions you have made while at MBA; and we rejoice in the man that you are becoming. Here are some words we have held close and found to be a good rule for life: He has showed you, O man, what is good. And what does the LORD require of you? To act justly and to love mercy and to walk humbly with your God. Micah 6:8 Change is on the horizon, and it takes courage to release the familiar and embrace the new; but change is the forge through which our lives are shaped. The picture of our Canadian hike brings the following quote from Winston Churchill to mind: Success is not final, failure is not fatal: it is the courage to continue that counts.

Love Always, Mom & Dad

Coach K's tips: 1) "In your journey through life, only let the right people on your bus," and 2) "Life isn't all about 'I love you' and 'Let's hold hands and skip'; it's also about 'Get your rear in gear!'"

Davis, you have made the most of your time and opportunities on The Hill and, as a result, have laid an unshakable foundation for the rest of your life! # Colophon

The 2014 issue of The Bell was produced by the yearbook staff at Montgomery Bell Academy in Nashville, Tennessee and printed by Herff Jones, Inc. in Kansas City, Kansas. The account was wonderfully serviced by representatives Mary Harris and Julie Bogart. All page layouts were produced and edited at MBA using eDesign and digitally submitted for production. The 2013-14 volume includes 16 pages in full color and 328 pages in black and white. Professional portraits were provided courtesy of Michael Jones Photography.

Countless hours go into the production of The Bell and, although this work usually happens behind the scenes by a small group of student editors, it would not be possible without the help of the larger MBA community. It is impossible to thank each person who contributed an element to the book, but special thanks go out to the following who made extensive allocations in the production:

The expertise and encouragement from Mary Harris (and the occasional coffee).

The small but dedicated staff, led by Editor-in-Chief Nick Boney, that spent some of their summer finishing the book.

The countless photographs taken and shared by Michael Jones Photography, Cal Fuller, Will Norton, Cherie Roberts, Chris Smith and the rest of MBA's amazing faculty, staff, students and parents.

Everyone who helped identify students featured in a photograph, especially Kit Lechleiter.

This book is a labor of love for the MBA community and something that the staff hopes you can look back on fondly over the years. It is meant not only as a record of the events and people but as a keeper of memories that will inspire you to think back to your time on The Hill. I am grateful to be a part of that tradition. Special thanks to everyone at MBA who not only welcomed me into this amazing community but helped make this book possible by answering emails, sending pictures and giving me insights. I am eternally grateful.

On behalf of The Bell staff of Nick Boney, Adam Biesman, Aaron Kaplan, Mike Miccioli and Hank Thomas, we hope you enjoy the 2014 edition of The Bell.

Ms. Kati Swieca-Brockman
